## Ames Speaks to Germans and at Dracut While Dunbar Addresses Rally in Methuen—Other Timely Political Notes

Congressman Ames put in a busy evening last night addressing two rallies while Mr. Dunbar attended and spoke at one in Methuen. The congressman's gatherings were at the German club in Ayer city and at the home of ex-Secretary George H. Stevens in Dracut.

DUNBAR AT METHUEN. Edward Gilbert, principal of the High school presided and there were many prominent citizens on the platform. Ex-Congressman Knox was the first speaker and in the course of his remarks he said that Speaker Cannon of the house of representatives is a man with a big heart and would give one his coat or give a congressman any kind of a certificate he desired.

## FINE HOME FOR SALE

On Centralville Heights

## At a Great Bargain

The undersigned, being about to move to his new residence in Belvidere, offers his present home at 119 Fremont street, for sale. The premises consist of a large two and one-half story house with a fine stable on a nicely graded and stone curbed double lot of land containing 11,000 square feet. The house is in first-class condition throughout. It has twelve good rooms besides an attic room, pantry and modern bath room. The plumbing is modern and first class in every particular. The steam heating plant consists of a fine steel boiler, set in brick with ten radiators, piped in the best possible manner. Cellar bottom cemented and sub-drained. Walks and driveway concreted and lot front curbed with granite.

The stable is one of the finest on the hill. The carriage house is concreted and drained into the street sewer. There are three stalls (one a box stall) fine harness room and a finished room for a hostler, together with all the facilities necessary for a high grade stable. The location is slightly, airy and healthy and the street cars are within one minute's walk of the house. There are several nice fruit and shade trees and an excellent lawn.

To build such a home today with the prevailing price of labor and material would cost nearly double the sum for which I am willing to sell. Further particulars will be cheerfully given to anyone desirous of buying such a residence.

simply whether some alterations may be made for the national welfare. One thing, however, we must keep constantly before us in dealing with these changing conditions. The protective tariff is essentially the product of generations of Republican statesmen. Any change in it must, therefore, be undertaken not by its enemies, but by those who have always been and now are its staunch and unwavering advocates.

AMER AT GERMAN CLUB. The rooms of the German club in Plain street were overcrowded when the Ames rally opened at a clock.

Mr. Ames, who received an ovation, said in part: "It is perhaps a suitable time for me to refer briefly to my attitude with reference to the tariff agitation. This great Fifth Massachusetts district has grown and prospered upon the measure of protection that has been given to her industries by the existing tariff laws. These principles of protection must at all hazards be maintained. To depart from them would inevitably be to imperil the fortunes not merely of Lowell and Lawrence and Methuen and this district, but of this nation as a whole."

"But do not misunderstand me, gentlemen. There is no magic in any single tariff schedule, nor is any single schedule sacred. Business conditions are changing from year to year and even from day to day, and the time may come—may even be at hand—when it shall behoove your representatives in Washington to consider seriously whether some alterations may be made for the national welfare. One thing, however, we must keep constantly before us in dealing with these changing conditions. The protective tariff is essentially the product of generations of Republican statesmen. Any change in it must, therefore, be undertaken not by its enemies, but by those who have always been and now are its staunch and unwavering advocates."

AMER AT DRACUT. The pretty home of Ex-Secretary Stevens was brilliantly illuminated and the committee in charge consisted of Prof. P. Vind, John W. Peabody, George B. Brown, George H. Stevens, Willis E. Dodge, Norman L. Peasey, Peter Holton, Nelson Huntley, Frank Guntler, Fred A. Russett, Arthur W. Colburn, Albert Hamblett, Elliott Morgan and Edwin Hoag.

Richard's orchestra furnished music. Congressman Ames said in part: "My opponent referred in Lawrence last night to my bill boards and red paint. I should think that he would allow me the use of a board or two, since he has the control of most of the republican papers. The Lowell papers said that there were 124 people present at his rally in Lawrence last night, but I am told that by count there were 400."

"I always feel at home in Dracut," said Mr. Ames, "because my forebears were born here."

He referred especially to his insurance bill, and read a letter just received from Willis E. Peabody who is now in Cleveland to the effect that the American Bar Association had commended him for his insurance bill.

"I feel proud of that commendation from the American Bar Association, and I wonder if my opponent, Mr. Dunbar, in his local practice, has yet done anything to merit the notice of this association," said he in conclusion.

A reception followed the address. It is quite amusing to see the names of honor dealers on the list of Moran delegates, and Moran is the candidate of the prohibition party which devotes all its energies to putting liquor dealers out of business.

FIFTH DISTRICT CONVENTION. The fifth district republican congressional committee met at the New American house yesterday and decided upon October 5th as the date of the convention and Associate hall, this city, as the place. After the meeting luncheon was served and then the members were guests of Frank L. Weaver at the outing of the Martin Luther at Tyngsboro.

DEATHS. LACOUTURE—Jos. Lacouture, aged 49 years and 26 days, died last night at his home, 51 Rock street. He leaves a wife and four children; also two brothers and five sisters.

HUTCHINS—Arthur W. Hutchins, formerly of this city, died yesterday at the Maiden hospital, after an illness of two months, aged 54 years, 9 months. He leaves a wife, one daughter, Mrs. George F. Tuttle, of Wakefield. His mother, Mrs. Rebecca Hutchins, and a brother, Walter H., the latter of this city, also survive him.

Mr. Hutchins lived in this city during his early years, but for the last 30 years he has been in the employ of the Boyer Stamping company of Cambridge. The body will be brought to this city for burial.

NORRIS—Herbert F. Norris, one of the oldest and best known newspaper men in Boston and commonly known as "Judge" Norris, died at his home, Broadstreet avenue, Beaumont, Dover, yesterday afternoon from heart failure.

## PRAISES THE SUN

## Democratic Leaders Appreciate Its Services to the Party

CONGRESSMAN JOHN A. SULLIVAN.

## Letter From Congressman Sullivan, Chairman of the Thorndike Committee Complimenting The Sun

THE SUN HAS RECEIVED MANY CONGRATULATORY LETTERS FROM DEMOCRATIC LEADERS IN APPRECIATION OF ITS SERVICE TO THE PARTY IN HAVING STARTED THE STAMPEDE FOR THE NOMINATION OF HENRY M. WHITNEY AS CANDIDATE FOR GOVERNOR AFTER HE HAD WITHDRAWN FROM THE FIGHT AND APPARENTLY LEFT A CLEAR FIELD FOR JOHN B. MORAN.

THE FOLLOWING FROM CONGRESSMAN JOHN A. SULLIVAN IS PRESENTED AS A SAMPLE OF THE COMPLIMENTS PAID THE SUN FOR ITS PART IN SUGGESTING THE ONLY METHOD OF CLEARING THE SITUATION AND MAKING THE BEST OF THE OUTLOOK FOR A DEMOCRATIC VICTORY:

CONGRESSMAN SULLIVAN COMPLIMENTS THE SUN  
449 Tremont Building, Boston, Mass.,  
September 20, 1906.  
John H. Harrington, Proprietor Lowell Sun,  
Lowell, Mass.

Dear Mr. Harrington:—I cannot refrain from extending to you my sincerest congratulation upon the many stand you have taken for the best interests of the Democratic party. Your news articles and editorials have helped to put new life in the movement which is being conducted for the rescue of the Democratic party from the hands of those who would drag it deep into the mire of humiliation and disgrace. The Democrats of Massachusetts have the opportunity to snatch victory from defeat by uniting now upon Henry M. Whitney as their candidate. The campaign which he would make upon the issue of tariff reform and Canadian reciprocity would be such that no man would dare to predict Republican success. The very mention of his name was sufficient recently to cause the greatest consternation in the Republican camp and the Republican leaders did not draw a full breath until he withdrew from the contest. The revival of his name at this time has given Republicans the greatest uneasiness, while at the same time it has given Democrats the greatest satisfaction. There is only one issue upon which the Democratic party may appeal to the people of Massachusetts with any hope of success; that is the great issue of tariff reform and reciprocity with Canada. A revision of the iniquitous Dingley tariff, coupled with freer trade relations with Canada, would give larger employment with higher wages to our workmen and bring in an era of prosperity unprecedented in our history. There is but one man now who is capable of presenting this issue in such a manner as to convince the people of Massachusetts that upon its success depends our industrial salvation. With this issue presented by Henry M. Whitney we may look confidently forward to victory at the polls.

Permit me again to express my appreciation of the splendid work you are doing for the Democratic party and all the people of Massachusetts as well.

Yours very truly,  
JOHN A. SULLIVAN.

which was brought about as the result of an operation for cancer. The deceased was born in Epping, N. H., 32 years ago, and was prominently known throughout that section as a lawyer, newspaper man and politician. He graduated from Dartmouth at an early age, and for many years practiced law in New Hampshire. Later he joined the staff of the Manchester Union and attained prominence at the Lowell Commercial college.

## THE POOR FARM

## Not a Sobering Up Place for Drunks

## SHOULD NOT BE USED AS SUCH

## Judge Hadley Delivered Temperance Lecture

"The poor farm should not be used as a place for drunken people to sober off. There are altogether too many sent there for that purpose," said Judge Hadley in police court today.

This speech was occasioned by the presence of a woman in police court this morning after having gone through the sobering up process. The court said if that was the purpose for which the poor farm was to be used it would be better to abolish it entirely. The woman in question was placed on probation.

Talking with a young man arraigned before him for drunkenness today Judge Hadley said: "Look around you and observe the beautiful things there are for you to enjoy if you would but remain in your sober senses. This, the beautiful month of September, has all the grandeur of the season. The flowers have not yet passed away, the fields are green and the song of the bird is heard in the wilderness. Awake, awake, I say to you and observe these beautiful things that nature offers; enjoy them and forsake the whiskey; abandon the hateful stuff that deprives you of your reason and your power to observe and to enjoy. The beauties of nature are as free to you as the millstone, and think how easy is the road to happiness. Just a little self-denial on your part and you will be able to enjoy the beauty of the world. When the appetite still overcomes you and then you will feel yourself a man among men. If you get drunk you are losing the love of those that are devoted to you and likewise the respect of your friends. Brace up and realize that drinking is a foolish habit and that whiskey leads but to the grave."

There were others beside the young man to whom Judge Hadley addressed his temperance lecture that listened with an attention born of necessity. His words fitted more than one in that court room and perhaps the remaining days of the fall will seem more beautiful to some because of the judge's golden words.

High Judge was charged with drunkenness and was sentenced to seven days in jail.

The case of Alphonse Fontier, charged with larceny, was continued for one week and he was ordered to recognize in the sum of \$100.

## FUNERALS

CRANE. The funeral of Albert Crane, who died at the city hospital Wednesday, took place from the undertaking rooms of J. W. Broder, in Market street, yesterday morning at 10 o'clock. Burial was in the Edison cemetery.

REARDON. The funeral of the late John Reardon took place this morning at 8.30 from his home, 123 Broadway, and was largely attended by sorrowing friends and relatives. The cortege proceeded to St. Patrick's church, where at 9 o'clock a mass of requiem was celebrated, Rev. Fr. McHugh officiating. The choir, under the direction of Mr. Michael Johnson sang Schmidt's mass. At the offertory Mr. Frank McCarthy sang the "Pie Jesu" and at the conclusion of mass Miss Alice Murphy rendered "The Whispers From Everywhere."

Rev. Mr. Johnson presided at the funeral of Thomas McConneely and Daniel F. O'Dell, representative of the Catholic church, of which he was a member, and John McConneely, Frank McConneely and Jeremiah McConneely. Among those in attendance from out of town were Mr. and Mrs. Jeremiah McConneely and Daniel McConneely of Haverhill. There were also present a delegation from St. Michael's church, F. of A. There were many beautiful floral tributes, including a large pillow inscribed "Husband" from wife, large cross on base, inscribed "Father" from son, and a large anchor on base from Mr. and Mrs. Stanton and family. Mr. and Mrs. Thomas McConneely, cross and star on base, inscribed "Uncle" Jeremiah McConneely and family; spray of asters from Mrs. Annie McConneely; spray of asters from Mrs. and Grace Loring; spray of roses and asters from Mrs. L. M. McConneely; and Mrs. Mary McConneely. Rev. Fr. McHugh read the committal prayer and the burial was in St. Patrick's cemetery, in charge of Undertakers J. P. O'Donnell & Sons.

QUILL. The funeral of Mary Quill took place from her late home, 24 West street, this morning, at 8.30. At St. Patrick's church at 9 o'clock a mass of requiem was sung by the Rev. Fr. Hume. The choir, under the direction of Prof. Warrington sang Schmidt's mass. Mrs. M. Kennedy presided at the organ. At the offertory "To Mortals" was sung by Miss Molly Quill, and at the conclusion of the mass, Prof. Warrington sang "God of Mercy." At the body was being borne from the church the choir sang "Nearer, My God To Thee." The cortege then wound its way to St. Patrick's cemetery, where the committal prayers were read by Fr. Hume. The bearers were Messrs. Richard McMahon, John Fogin and Joseph Mc Coy. The interment was under the direction of undertaker John J. O'Connell.

Mr. J. GILBERT HILL has addressed the following explanatory letter to the President of the park commission referred to in the issue of the *Land in Amherst* along the bank of the canal for purposes.

Office of City Solicitor, Lowell, Mass., Feb. 1st, 1896.

Charles A. Whitford, Superintendent, City of Lowell, Mass.

Sir:—In answer to your letter of the 27th inst. enclosing copy of the deed of the Proprietors of the Locks & Canals to French and Chilton on land bordering on Canal and Anna streets in Lowell in trust is "ornamental ground" I am, I think, inclined to believe that a king whether under the provisions of a deed creating the trust a selection of the most of persons representing the several interests of the City with a view to money invested the sum for investment and the use of the land for purposes could be protected and guaranteed. I have to reply as follows.

In our conversations I have had with Messrs. Pickman and Green of your board of directors and that it is desired both by the board and the Locks and Canals the Mayor and the chairman of the board of park commissioners should be consulted in this deed. I have prepared a modification of the original deed, which I herewith enclose for your examination to see if it carries out the desired to me.

As to the question you propound, under the original trust deed, while the land is practically dedicated to public purposes by the Locks and Canals and a trust therein established, the conditions, restrictions and limitations imposed by the deed of such a nature that in effect it grants title, if any, more than a mere license for the purposes therein expressed, and a license which practically can be revoked at any time.

By the terms of the deed, should the Locks and Canals at any time wish to enforce or alter the canal they have the right to take any part of this land for that purpose, also should they wish to build a bridge or bridge over the canal or make or maintain a street, passage way or railway over the premises they have the right to do so.

Therefore, you will readily see that should the city invest money in this land for park purposes, part of the land could be taken at any time by the Locks and Canals should it desire, and the result of the improvements thereby made might be lost. Under the provisions of said deed there can be no guarantee that the city would be protected and safeguarded in expending money therein. Nor would there be any difference in this respect if the modification I enclose should be adopted.

I return herewith copy of trust deed that you sent me.

Very truly yours,  
J. GILBERT HILL, City Solicitor.

Dear Sir:—In answer to your letter of the 21st, enclosing copy of the deed of the Proprietors of the Locks & Canals to French and Chilton on land bordering on Canal and Anna streets in said city in trust as "ornamental ground," I am, I think, under the impression that a deed creating the trust a selection of the names of persons representing the several interests of the City with reference to money invested therein for improvement and the use of the land for purposes could be protected and guaranteed. visit yesterday to Havana. Taft and Bacon arrived in the city on the day of the conference. The major undertaking to assist Secretary Taft to get in touch with the Cuban revolutionaries and under Mr. Taft's instructions will direct the several business parties which to name a representative to talk with the moderate party leaders. The commercial affairs of Cuba have suffered during the present conflict. The moderate party leaders, who are the apparent basis of the discussion, are the apparent basis of the discussion.

Officials of the government say their attitude has not changed and that of their enterprises may indicate of resigning. Mr. Taft has made it clear that the United States is not looking to exercise control over the island in any of its affairs, but he has insisted that the United States must be able to protect its interests in the island. The moderate party leaders, who are the apparent basis of the discussion, are the apparent basis of the discussion.

**SUITS ENTERED**

SAILORS WERE BARRED FROM DANCE HALL

CLEVELAND, O., Sept. 21.—Suits for \$500 damages were filed yesterday against the Humphrey company, proprietors of Euclid beach, by two sailors, Rexford Stouffer and John G. Somers, of the United States trading ship Wabigoon, who were ordered from the dancing floor last week because they did not wear white shirts and collars with their uniforms. Alfred Alce who has charge of the government recruiting service, returned yesterday, after a short visit out of the city and at once took up the affair.

**MANY OPPOSED**

TO UNION OF BAPTISTS AND FREE BAPTISTS

SPRINGFIELD, Sept. 21.—Opposition to the union of the Baptist and Free Baptist denominations developed today in the Western Baptist association which passed a resolution declaring that the statement of the National Baptist committee that the doctrinal differences between the two bodies were obsolete was insufficiently supported.

This resolution was a substitute for a more radical one offered by Rev. Dr. H. D. Hahn, one of the most prominent clergymen of the association in which it was declared that the association did not subscribe to the statement that the doctrinal differences between the two bodies have become important or obsolete.

**IN BOSTON**

SCOTTISH RITE MASONS WILL HOLD NEXT MEETING

BOSTON, Sept. 21.—Boston was selected as the meeting place next year at yesterday's session of the annual convention of the supreme council of the Scottish Rite Masons of the Northern Jurisdiction. Much time was spent yesterday in the reading of memorials in honor of deceased members. In addition the election of new members to be initiated next year was held. The names will not be made public until they have taken degrees.

Miss Sarah Brennan of Belvidere left yesterday morning for New York city where she intends to reside with her brother, Mr. M. J. Brennan, formerly of this city and now holding a responsible position in New York.

## FUSION TICKET

Third Set of Mutual Life Trustees

NEW YORK, Sept. 21.—Albert R. Boyd, counsel for the "Selected Fusion Ticket" of the Mutual Life Insurance Company, made public a letter, last night which was sent by him to President Taft. The letter was a reply to a letter from the latter, asking for information regarding the "Fusion Ticket."

Mr. Boyd in his letter to Mr. Taft said that until he knew more about the character and personality of the man who was back of the "Fusion Ticket" and its purposes he could not say to Mr. Taft's reply in part follows:

of the movers in the matter I originally assure you that this ticket was not originated for the purpose of adding to the selection of either of the other tickets. It is not a "third ticket" but a "fourth ticket" to be added to the list of the ticket. The person behind the ticket I represent are managers, agents and jobholders of the Mutual Life Insurance Company, but it would be premature to announce at the present time the names of the individuals supporting the movement even for your purposes and I am not at liberty to do so. You can see that to do this at the present time would be to give the McCurdy element in the board of trustees, who are in the position of employers of the managers and agents and in control of the machinery of the company, an unfair advantage solely by reason of their power and without respect to the merits of the issue. For the same reason it was impossible to consult with our nominees in advance, however glad we would have been to do so in ordinary circumstances.

As to the purpose of the movers in this matter I am able to be entirely explicit. The administration ticket is distinctly unsatisfactory to us by reason of the inclusion of the "McCurdy element" in the board of trustees, who are in the position of employers of the managers and agents and in control of the machinery of the company, an unfair advantage solely by reason of their power and without respect to the merits of the issue. to restore public confidence in the Mutual Life so long as these components of the McCurdy regime occupy their old places of influence and power, and continued candor is working in the Mutual Life Insurance Company. We have been glad if such consideration had appeared more strongly to them, but in default thereof we have felt compelled to put in nomination a third party.

## SWORN CIRCULATION OF THE SUN

The sworn daily average circulation of The Lowell Sun for the year 1905 was

14,829

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred Pilotte, pressman of The Sun, before me, January 1, 1906.

JOHN J. HOGAN, Notary Public.

This is a larger circulation than the combined circulation of all the other daily papers in Lowell.

An advertisement placed in The Sun is of more value to the advertiser than if it were inserted in all the other newspapers in Lowell, and the cost of inserting it in The Sun is about ONE-THIRD the price charged by the other papers.

## CALL TO DEMOCRATS

THAT APPEAL OF THE THORNDIKE COMMITTEE IN FAVOR OF THE NOMINATION OF HENRY M. WHITNEY FOR GOVERNOR ON THE DEMOCRATIC TICKET WILL HAVE A MAGICAL EFFECT UPON THE DEMOCRACY OF THE STATE IN CLEARING THE SITUATION OF ALL ELEMENT OF DOUBT AND PUTTING ASIDE THE ABSURDITY OF MR. MORRIS' PLEA FOR DEMOCRATIC ENDORSEMENT.

THIS CALL TO DEMOCRATIC VOTERS SHOWS THAT WITH THE RIGHT MAN AS STANDARD BEARER THERE IS A CHANCE TO WIN; IT SHOWS ALSO THAT JOHN B. MORAN IS NOT THE RIGHT MAN TO NOMINATE. THIS IS PROVED BY A CRITICAL REVIEW OF HIS POLITICAL AND OFFICIAL RECORD. THEN IT IS ALSO SHOWN THAT HENRY M. WHITNEY IS THE LOGICAL CANDIDATE AND THAT SINCE HE HAS CONSENTED TO RE-ENTER THE FIGHT, THE DEMOCRATS WHO ARE LOYAL TO THEIR PARTY SHOULD ENDEAVOR TO ELECT DELEGATES WHO WILL SUPPORT HIM IN THE CONVENTION OF THEIR OWN FREE WILL, THOUGH UNPLEDGED IN THE PRIMARIES. OWING TO THE FAILURE TO FILE WHITNEY DELEGATES, THERE WILL BE TWO LISTS VOTED UPON, ONE FOR MORAN AND THE OTHER UNPLEDGED. BY ELECTING THE UNPLEDGED DELEGATES WHITNEY'S NOMINATION MAY BE BROUGHT ABOUT AS THE UNPLEDGED DELEGATES WILL BE FREE TO VOTE FOR ANYBODY THEY SEE FIT IN THE CONVENTION. ANYBODY WHO READS AND STUDIES THE CALL ISSUED BY THE COMMITTEE OF SEVEN IN BEHALF OF WHITNEY, MUST REALIZE THAT THE INTERESTS OF THE DEMOCRATIC PARTY WILL BE SUBSERVED BY THE NOMINATION OF WHITNEY AND THAT THE PARTY'S CHANCES WILL BE LOST AND THE PARTY DISINTEGRATED BY THE NOMINATION OF MR. MORAN. UNDER THE CIRCUMSTANCES, THE DUTY OF LOYAL DEMOCRATS IS PLAIN.

## THE STEEL TRUST OMINOUS.

That the steel trust has no regular price list, but sells its products for all it can get may be news to some people. Yet this is stated to be the case by R. M. McGill, a prominent insurance broker of Chicago, says the Washington Post, who declares that the steel trust when on the road securing trade are not permitted to ask instructions of the corporation. They must act on their own judgment and "sell steel according to the best bargain they can drive." Such a system of doing business is sheer plundering of some customers of the trust for the benefit of the close buyers. It is worse than the other system of the trust to sell cheaper to foreigners than to our own people. The retail trade man that sells cheaper to some customers than others is soon found out and loses trade, but the steel trust has such command of the market for steel that it can do pretty much what it likes. Thus it is by reason of the protection on steel that the tariff gives the trust virtually no competition and until this monopoly is cut off by revision of tariff rates, the trust can plunder its customers and through them all the people by unfair business methods and the enormous profits the tariff protects it in getting.

## AS TO SUSPICIOUS FIRES.

The fire marshal's assistant comes often to Lowell to investigate suspicious fires but that is the last heard of the cases. It seems the fire marshal's assistant requires a pretty strong case before he takes anybody in for setting fires. It seems that a little detective skill would enable him occasionally to run down the guilty parties where there is conclusive evidence of guilt.

## THE NEW BOARD OF HEALTH MEMBER.

The question is asked Who is Thomas J. Reane who has been elected to the board of health? We might answer that he is a gentleman of family who resides on Pleasant street, and anybody who sets him down as a nonentity will make a very grave mistake. He possesses two leading qualifications not commonly found in public officials nowadays but which should always be insisted upon, namely, honesty and intelligence.

## THE EIGHT-HOUR DAY.

To draw their pay the employees of the city of Lowell under the new law must work or pretend to work eight hours a day. They are not obliged to work over eight hours except under a special contract which is seldom made.

The Village Improvement society of Billerica is doing great work in its active encouragement of good taste in gardening and beautification of the homes. It is an art well worthy of cultivation.

The recent accounts of the Hong Kong disaster by the typhoon make it nearly as bad as the San Francisco earthquake. It is well that the typhoon does not appear oftener than once in three years.

And now it is J. Henry Collins who "falls into" Senator Hilton. J. Henry might make a good senator but there are democrats who can outstrip either.

Jerome's gubernatorial boom in New York has fallen flat, so will that of John B. Moran who has made Jerome a sort of model.

## GYPSY "QUEENES"

FOUR WOMEN UNDER ARREST

One Man Says They Got \$10

WYBEMOUTH, Sept. 21.—A caravan of gypsy fortune tellers and horse traders made up of two horse wagons, covered with a red cloth, and containing 12 women and 12 children on its way from Boston to the Brockton fair, stopped at Wybemouth Landing yesterday afternoon. While the men and children looked after the outfit, four of the women, dressed in flowing gowns of gypsy queen, it is alleged, proceeded to "do" by right of hand and an attempt at fortune telling, several of the merchants and grocers of the town.

A "spec" entered the show store of Charles Spear and asked the privilege of telling Mr. Spear a fortune. In order to do this she requested the use of a \$10 bill. Then, by a system known only to the "queens," the fortune was told. Later Mr. Spear claims he found his cash was \$10 short.

James Bond, who keeps a clothing and dry goods store in Washington street, told that he only lost \$10. He said that the amount he placed in the palm of the queen's hand.

The party visited the store of William Cronin and after they had gone Mr. Cronin says he missed \$100 and some papers.

Elmer Houghton, who keeps a store on Washington street, thought it wise to have his fortune told and after the "queen" had gone \$10 cents was missing, which he had simply handed her. John F. Bacon, grocer, left his store in charge of his clerk, Mr. Houghton. The queen gave an exhibition of sleight of hand, using some of Mr. Houghton's effects during the performance, and after the "gypsy" had gone Mr. Houghton found his cash was \$10 short.

man found that one of his pockets was short \$2.00.

As soon as the business men realized that the gypsies were on their way, they started in Mr. Worcester's carriage in hot pursuit of the caravan, which was overtaken on the outskirts of the town.

Four women were placed under arrest. They gave the names of Marie Adair, 26 years old, Parline Adams, 20, Marie Nickles, 26, and Theresa Markewich, 25. They are held on the charge of larceny. The rest of the outfit followed the officers and his charges to the police station. The caravan of the four women then came to John Adams, Stephen Mark, Peter Adams, Paul Markewich, and Frank Adams. They said that they were illiterate.

## POLICE CALLED

Boston Jews Bombarded Two Stores

BOSTON, Sept. 21.—While practically all of the Hebrew inhabitants of this vicinity were celebrating the beginning of the Jewish year yesterday two shopkeepers of that nationality refused to close their places of business and their stores. In the West End last night, some stones and other things were thrown at the stores of the men who refused to close work and the disturbance called out a squad of police who dispersed the crowd with difficulty, but made no arrests. The two men then closed their stores and went to their homes.

## MADE A FIGHT

Kidnappers Tried to Steal a Child

PROVIDENCE, Sept. 21.—The boldest attempt at kidnapping in years was reported near Lakewood just before noon yesterday. It was frustrated through the interference of the neighbors and by Constable Charles Taylor, who was shot and slightly injured.

Albert Raymond Chelouan, a 13-year-old boy, was playing about the yard of the house occupied by his parents, when the attention of some of the residents nearby was attracted by two men who appeared to be acting in a suspicious manner. A closer inspection revealed that the men had seized the child and had tied him, and evidently intended carrying him off.

Charles Taylor, who is one of the constables of the town of Warwick, was called to the scene of the affair, located on what is known as the Baker flat, about two miles below the village of Lakewood and near Palace Gardens. As soon as the officer came near the men, he demanded an explanation of their action and then attempted to place them under arrest. As he did this, one of the men drew a revolver and fired a shot at the constable. The shot grazed the latter's head, whereupon the men ran into the woods nearby, leaving the kidnapped boy bound upon the ground.

As they were disappearing in the woods, the constable fired at them. They returned his fire, one of the shots striking him in the waist. The shock caused him to fall to the ground. The neighbors, who had been gathering to witness the outcome of the affair, chased the two men, but without success.

## THE CREW LOST

The American Schooner Twilight Capsized

WASHINGTON, Sept. 21.—The capsizing of the American schooner Twilight and the loss of her crew in the recent Carolina coast storm is announced in the following dated yesterday received at the navy department by wireless via St. Augustine from the cruiser Minneapolis, on her way to Cuba.

"The Minneapolis" fifty miles east of Charleston at midnight picked up a man at sea floating on a plank. Two men heard his voice alongside at eleven. Stopped the ship and turned on the searchlights and lowered a lifeboat. The man's name was James Olsen and he belonged to the schooner Twilight which capsized at six o'clock on the morning of September 17. There were seven in the crew. We remained in the vicinity using searchlights until daylight but saw no sign of the wreck or of any survivors.

## FOUND BRIDE

DIVORCED WOMAN GETS BRIDE FOR FORMER HUSBAND.

CHICAGO, Sept. 21.—Colin C. Taylor, writer and lecturer, made such a hit with his wife that she promised when divorced to pick him out a "nice, sweet girl" who would free his heart from pain. They were divorced a few months ago and true to her word the former Mrs. Taylor, who quickly remarried, introduced Taylor to Miss Hendricka Nosa, a singer with youth and beauty. They were married Wednesday and the first congratulatory came from the ex-Mrs. Taylor. The marriage was to have taken place on a bridge at midday, but the rain made a coward of the clergyman. The pair sent on the bridge, clasped hands and promised to be good. Then they returned to the house and were really married.

## MEAT INSPECTION

Rulings Made on Canned Goods

WASHINGTON, Sept. 21.—Further rulings in connection with the enforcement of the meat inspection law, after Oct. 1 next, were made public yesterday by the secretary of agriculture, and given out to retailers when purchasing meat products, particularly canned goods. Anything saving of a false or deceptive name will not be tolerated, and no picture, design or device which gives any false indication of origin or quality will be permitted upon any label. As for example, the picture of a pig appearing on a label placed upon a beef product or the picture of a chicken upon the label of a veal or pork product. Geographical names are allowed to

be used only with the words "Cut," "Type," "Brand" or "Style" as the case may be, except upon foods produced or manufactured in the place, state, territory or country named. For instance, "Virginia Ham" must be marked "Virginia Style Ham"; "English Bacon" must be marked "English Style Bacon"; "Westphalia Ham" must be marked "Westphalia Style Ham".

The word "Ham" without a prefix indicating the species of animal is considered by the department to be a pork label, but transients removed from the meat and used in the preparation of potted meats or sausage, or when used alone, may be known as "Potted Ham" or "Ham Sausage".

Frankfurter sausage no longer can be known as such, but must be called "Frankfurter Style Sausage". The rules clearly define what constitutes pure lard, but prescribe that a substance composed of lard, tallow or other animal fat and vegetable oil may be labeled "Lard Compound". Among the restrictions are the following:

"Pork Ham" cannot be called "Ham", but may be called "Pork Ham" or "Pork Ham Sausage". "Pork Ham Sausage" may be called "Pork Ham Sausage".

## CHILD KILLED

BANK PRESIDENT WAS BARELY INJURED.

CINCINNATI, Sept. 21.—In the wreck of Chas. M. S. Hwale's automobile at St. Martin d. Stray, France, J. C. Schindler, president of the United States and Trust company in this city, was injured and his daughter, Charlotte, killed. The news came in a cable despatch yesterday. Mr. Schindler, who is widely known in Cincinnati, was touring France with his daughter and Mr. and Mrs. Lee Ault, in an automobile belonging to Mr. Schindler. Seven years ago Mr. Schindler's wife and daughter were killed in a railroad wreck in this country.

## New Fall Shoes For Men

Now, or when you are ready for shoes don't forget Our New Shoe Department

The new shoe store is admirably located in the front of our main store—in charge of Mr. John F. Flynn, for many years with Messrs. O'Sullivan Bros. This department, not yet a week old, can naturally have only the newest styles, and it has been stocked with the most carefully selected shoes.

Mr. Flynn's experience in handling good footwear is an assurance that only shoes of established merit will be sold.

Today's items have to do with some of the latest styles. We are convinced that these shoes are the best possible values at the prices—better than you are ordinarily shown.

## Men's and Boys'

## Educator Shoes

A natural last that assures the greatest possible comfort to the wearer—these common sense shoes in various leathers. MEN'S SHOES on all of the new lasts, made from sturdy good wearing leathers, with heavy solid soles ..... \$2.00 and \$2.50

Mr. Flynn will make a specialty of fitting arch supporters—the only practical relief for "flat foot" or weak insteps. The pain arising from these troubles is often mistaken for rheumatism, when it perhaps arises from a breaking down of the arch and instep. We will fit an arch supporter that rests the foot, restores natural elasticity to the muscles and makes walking a comfort.

## BOLIVAR BEATEN BILLERICA NEWS

For Board of Trade Stakes  
Singhi After Surveyor of Highways

COLUMBIAS, O., Sept. 21.—Two races were decided yesterday afternoon at the grand circuit meeting. The cup race track made the going very treacherous for jockeys. Ten thousand persons attended.

Bolivar's defeat in the 207 furlong trade stake caused a big upset. In the mid Wednesday, Doris B. had one heat, but the gelding paced the first half of yesterday's opening mile in 1:07 1/2 and finished lengths ahead of his third place Doris B. hung on well in the deciding mile and won when Bolivar gave out in the home stretch.

Belle Bird, favorite in the 215 trot, succeeded in prolonging the race by bolting out 1:10 in the third heat, by half a length, after the latter had easily won the first two. Belle Bird won the fourth mile and the race had to go over until Friday for decision.

Miss Gray was picked to win the 217 pace, and landed the first heat, going into the 210 class to keep clean of Moore, Rushville, a well played entry, won the next three heats and the race.

Eleven 3-year-olds came out for the Kentucky stock farm Futurity trot. Ed. Custer won the first heat. The Abbe, a full brother of The Abbot, out-gained the Custer colt at the finish of the second mile and won by half a length.

Twenty to one. NEW YORK, Sept. 21.—Belle of Poquet, at 20 to 1, won the Queen Vase stakes at Gravesend yesterday in a driving finish from a small field. She led from start to finish and won by a length from Hot Toddy. The latter beat Nelson a length for the place.

The opening was only a gallop for H. H. Whitney's chestnut filly Brookdale nymph, which won by two lengths. "The Time" Sullivan won the second race with Ace High, which won by a head from Rappahannock. The third race went to Samuel H. Harris by 1 1/2 lengths.

In the fifth The Wrestler won cleverly by 1 1/2 lengths from Frank Gill. Playback won the sixth race handily. Bragg finished second. Common Sue won the seventh.

CHORAL SOCIETY  
ALL LOWELL SINGERS INVITED TO A SOCIABLE.

The Lowell Choral Society is planning for a social gathering of its members and all singers in Lowell and vicinity, whether members or not and all others who are interested in the society, for Wednesday evening, October 2nd, in the Banquet Hall, room, Odd Fellows' Hall, Middlesex street.

It is hoped that there will be a large gathering of the musical people who are interested, without further notice. The gathering will be informal. The purpose is to get together thus, so early in the season, all who are interested in the Lowell Choral Society for the coming year.

AT CITY HALL  
PRECINCT OFFICERS INSTRUCTED.

The precinct officers elected to serve at the state and city primaries and elections met in the public hearing room at city hall last night and were instructed as to their duties by City Clerk Edward D. Goodman. About all of the appointees to the places of clerks, wardens, inspectors and deputies were on hand. A roll call showed 175 out of 216 present and at the close of the instruction the oath of office was administered. The remainder will be allowed to take the oath of office within the next few days.

FISHING PARTY  
HAD BUT POOR SUCCESS AT SWAMPSCOTT.

Messrs. Daniel D. and Frank Fox of Braintree conducted a fishing party off Swampscott yesterday and while a fine time was had the fish did not bite very well. There were 57 in the party, including men from Braintree, Newbury and other suburban towns and a special electric car left Lowell for Swampscott long before daylight yesterday morning. Upon arriving at their destination the men found a schooner waiting for them. The catch was reported to be very small. Either the fish did not bite or the angle did not know how to entice them.

LADIES' NIGHT  
FITTINGLY OBSERVED BY THE C. Y. M. L.

The third in a series of ladies' nights was given by the Catholic Young Men's Lyceum at the rooms of the lyceum in Suffolk street. The affair was under the direction of the members of the Red Table and the coming color carnival to be conducted by the society.

The board of selection of BillERICA met last night in the town hall and during the evening there was excitement about the bill which was set aside by a petition asking for a special town meeting to investigate the affairs of Highway Surveyor Edgar F. Twombly.

The petition was presented by Selectman F. A. D. Singhi and was signed by about one hundred citizens of the town. After considerable discussion it was voted to give the petitioners leave to withdraw and this led to a hot discussion between Chairman Perry and Selectman Singhi.

Mr. Perry contended that the matter of investigating Twombly's department had been hanging over for four or five months, even though the selectmen had examined his affairs some time ago and found nothing irregular with them. He said that the town has been made the laughing stock of the community at large over the matter. He also stated that he did not believe that the case against Twombly should be reopened, at least by the selectmen.

More fireworks were in order when Mr. Singhi, who is clerk of the board, attempted to connect the petition from selectman Mahoney, this being after the petitioners had been given leave to withdraw. Mr. Mahoney insisted on his rights, however, and was upheld by Chairman Perry.

It was intimated last night that the petitioners will apply to a justice of the peace for a special warrant to hold the special meeting.

Superintendent of Highways, Twombly would not talk on the subject. Rev. Thomas Legate Fisher, rector of St. Andrew's parish, Ayer and Groton, will officiate and the choir of the Forge Village Mission, assisted by the organist of that mission will render special music at the special evening service to be held at St. Anne's Mission next Sunday night in observance of the sixteenth anniversary of the church. The service will commence at seven o'clock.

At a meeting of the selectmen held last night the names of Thomas H. Kirtledge and Dick J. Polson were drawn to serve as jurors at the October term of the superior court to be held at Cambridge.

A social party will be held in Thomas Talbot Memorial hall tonight by the Chippewa club.

Thomas M. Clark will enter the political arena at the primary caucus, which is to be held by the republicans of precinct two as a candidate for delegate to the congressional convention.

In accordance with a warrant now in the hands of the constables, all persons who have not paid a license on their dogs Oct. 1, 1906, must be prosecuted and will be liable to a fine of \$15.

GEORGE SILER  
HAS FILED SUIT AGAINST NOLAN AND NELSON.

CHICAGO, Sept. 21.—George Siler, the referee in the recent fight between Joe Gans and Battling Nelson yesterday filed suit for libel in the superior court against William Nolan, the manager of Nelson and Nelson himself. Siler claims the damages at the amount of \$50,000. Since the fight both Nolan and Nelson have been quoted as saying that Siler received money for giving a decision in favor of Gans.

# LOWELL INN

## NEW DINING ROOM AND BUFFET OPENED.

The Lowell Inn, renovated, remodeled and beautiful with the retouching of the decorator's art was thrown open to new and elegantly appointed cafe and

the public last evening and the opening was a most auspicious one. A supper fit for a king was served and hundreds called to participate in the feast and to extend their congratulations to the proprietor, Mr. Thomas F. Hohan, and to wish him success in his new enterprise. The objective points were the private dining rooms on the second floor. The painting and artistic decorating in these rooms was done by Mr. James Wilcox of Boston and they are as unique as they are elaborate. The rooms were gay with flowers and guests were entertained with orchestral and vocal music.

# THE PRESIDENT

BITTERLY ABRAILED AT MEETING IN NEW YORK.

NEW YORK, Sept. 21.—President Roosevelt was bitterly assailed by several orators at a meeting last night at

Cooper Union of the Jewish central fund of America, which was attended by 300 Jewish men and women and children, who came to listen to a representative from the Russian Jewish Bund, Morris Lillikult, a lawyer, denounced the action of the chief magistrate for sending to Russia a message

of sympathy, following the assassination of Grand Duke Sergius and failing to send to the Jewish population in Russia a message of sympathy when their fellow men and women were slaughtered recently at Bialystok and Siedlce.

The board of directors of the Ladies of Charity met last night at St. John's hospital to nominate officers for the ensuing year. Two tickets were placed in nomination, and the election will take place at the meeting to be held on the second Sunday in October.

## NEW RAILS

## AND PAWTUCKETVILLE PEOPLE ARE HAPPY.

After patiently waiting and daily getting their bumps for over two years the patrons of the Varnum avenue and Pawtucketville street car lines this morning had the intense satisfaction of seeing a crew of street railway employees laying the tracks at the corner of Pawtucket and School streets preparatory to laying of new tracks at the curve. For two years it has been

one of the worst spots in Lowell and the conductors on the cars were tired out from the constant complaint of the patrons. The company put in the order for the rails some time ago but evidently they did not arrive until a short time ago. Many and fervent were the expressions of satisfaction heard on the cars this morning.

Mrs. Julia Merrill, who has been taking a vacation in the Adirondacks and northern Vermont for the past two months has returned to her home at 2 Osgood street.

## Assaults on Reputations

## Eminence and Integrity No Obstacle to Vituperative Charges in This Campaign

From the beginning of the campaign, record in the chair has justified the choice a hundred times over. He is not a matter of property right. At no time has he been willing to admit that any reason could possibly prefer any other candidate than himself. No attitude has been left for an honest doubt. On the contrary, it has been deliberately assumed and loudly proclaimed from the stump that who ever was not for Congressman Ames was against him; and that nobody could possibly be against him except for hire, or through fear. Those who have had the temerity to say openly that they preferred Mr. Dunbar to Col. Ames as a candidate have been denounced bitterly either as hirelings, or as contemptible cowards, coerced into their attitude by threats. Never has it been dreamed, apparently, that any man could take such an attitude on any score of decency or common sense. Eminence, character, public esteem, honorable record—all these have been utterly impotent to shield those who support Mr. Dunbar from the slings and poisoned arrows of this opponent. The more eminent, the more trusted, the more honored Mr. Dunbar's supporters have been personally, the more vehement and virulent the bitter denunciations of them.

Hon. John N. Cole, for example, is one who has suffered the most. Mr. Cole is speaker of the Massachusetts house of representatives—a man known and esteemed throughout the state, a leader of the republican party, a man of honor, intelligence, integrity, deserved success in business, and self-made. He has fought his way up from being a poor boy in the Andover mills to a position of the highest honor and trust, and it is among the end of the probabilities that a few years will make him governor of the state of Massachusetts. Already he has made his mark in the government of the state. His colleagues chose him speaker out of a field of able aspirants. His

## ALD. HAYES' TRIAL

## Nothing Definite Regarding Its Date

## THOUGH A CONFERENCE WAS HELD

## Court May Assign the Date

James F. Owens, counsel for Alderman William J. Hayes in the alleged fraud case went to Cambridge yesterday and conferred at length with District Attorney Sampson in regard to setting a date for the trial of Alderman Hayes and Joseph H. Clark charged with alleged fraud and conspiracy. After a lengthy conference during which they were unable to agree upon a date they decided to consider the matter further today when Gardner W. Peabody, counsel for Mr. Clark will be present. They went into conference this afternoon and if they fail to agree upon a date this time they will present the matter to the court and Judge Bell will name a date.

## PEWS IN PLACE

## Finishing Touches on St. Patrick's Church

The work on the altars at St. Patrick's church has been finished and the pews are now being placed in the church and then the work will be complete. Rev. Fr. O'Brien personally supervises the work and is having it pushed along rapidly. If his health permits it is very probable that the venerable Archbishop Williams will be the guest of honor at the dedicatory exercises on Nov. 15th while Archbishop O'Connell will conduct the services. Archbishop Williams always took a deep interest in St. Patrick's and was a close friend of the different pastors. Up to within a few years ago he never missed confirmation at St. Patrick's or graduation at Notre Dame.

## SCHOOL CLOSED

## Because Pupil Died of Diphtheria

The Cornell Street primary school in Middlesex village was closed all day yesterday owing to the fact that one of the pupils of the school died of diphtheria, that a brother of the deceased reported for school and also that there was another case where a pupil was ill with diphtheria. The principal of the school, Miss Wakefield, closed the school, not waiting to inform the superintendent of schools, and while some people thought she did not do the right thing the majority believes that she did the right thing.

Both sessions yesterday, morning and afternoon, were taught in the open air and the school rooms were fumigated in the afternoon and today the pupils were in their rooms.

William H. Gauthier, aged five years, and being with his parents at 4 Middlesex place, was a pupil at the school and in Friday afternoon he appeared to be in the best of health. Saturday and Sunday at his home he also appeared well, but Sunday night he was taken ill and while a doctor was called the case was not reported to the board of health until Wednesday, after the child had died.

The child was buried that afternoon and the house was quarantined, but a brother of the deceased reported to school, and Miss Wakefield upon learning the facts decided that it would be endangering the lives of the other pupils to hold a session of school in the house until it had been fumigated. Accordingly she held the sessions in the open air and going to the fine weather the children rather enjoyed the novelty.

The board of health sent men to the school yesterday afternoon and burned the books used by the deceased pupil and fumigated the rooms.

The other case of diphtheria has been cured for and the brother of the deceased pupil, while he is not suffering from the disease, will not be allowed to attend school for two weeks.

## GEORGE PROPERTY

## Sold to Boston and Maine R. R.

The sale of the beautiful George residence in Thorndike street in the rear of the northern depot to the Boston & Maine railroad was made yesterday, and it is reported that no less than \$40,000 was paid for it.

The general public would like to see a passenger station on its site to replace the present stuffy affair in the hollow, but such is not the present intention of the railroad company for it has been negotiating for the property for about six months for the purpose of consolidating the freight houses there and abolishing the present freight depot in Western avenue. The two freight houses at present are quite a distance apart and their location makes them inconvenient.

The building, one of the largest private residences in northern Massachusetts, was erected for the late William Livingston and is at present occupied by William E. Livingston. There are 30,000 square feet of land in the lot.

Mr. Mulcahy Mooney has returned after spending a week's vacation in New York city.

Jerome Says He Will Prosecute Them

FOR TROUBLE AT PRIMARIES

Contestants Asked to Present Evidence

NEW YORK, Sept. 20. District Attorney Jerome will make a thorough investigation of the reports of violence and intimidation at the primaries in the Harlem district, when he read in the newspapers yesterday that many houses had been cracked, polling places invaded and ballot boxes stuffed. He got into telephone communication with Attorney General Mayer, who has charge under the law of prosecuting election cases and offered him his aid in investigating what had happened on primary day. Mr. Jerome said he would do the work

if Mr. Mayer would authorize him to take charge of the prosecution. In a very short time Mr. Jerome got this letter from Mr. Mayer:

Dear Sir: Confiding our conference of this morning and pursuant to section 57 of the executive law, I beg leave to authorize and request you to render any and all assistance which may be necessary to investigate and prosecute complaints of violation of the primary election law. You are hereby authorized to act as fully as the attorney general law permit to act in relation to prosecutions for violation of the primary election law. Approve of the prompt and hearty response that you have already made to my request. I am very truly yours,

JULIUS MAYER, Attorney Genl.

Mr. Jerome sent out his detective to get evidence and then sent letters to Philip H. Hoffman and Jacob A. Newstead, republicans of the fourth assembly district, John E. Cowan and David E. Sage, Tammany, in the third, fourth and Howard D. Williams and Matthew P. Donohue, Tammany, in the seventh. The reports published this morning that it would appear that gross and violent irregularities took place yesterday at the primaries in a number of the assembly districts in this city, which were acts done in the presence of the assembly district which constitute crimes. If they were such as, however, that you had a personal interest in the contest in the seventh

assembly district and were in a position to obtain information as to these acts, I would be very much pleased if you would call on me in my office tomorrow morning, Sept. 20, that I may obtain such information on the subject as you may have. I would say for your information that I have been requested by the attorney general under section 57 of the executive law to add him in the prosecution of such criminal offenses as may have been committed. Respectfully,

WM. TRAVERS JEROME.

District Attorney Jerome said in a letter to the publishers of this paper, "The primaries held yesterday in a number of districts in the city of New York were disgraceful in the extreme. It is very difficult to get good citizens to take an interest in the primaries and attend them, but if scenes of violence and disorder are apt to occur, such as are reported to have occurred yesterday, it is going to be increasingly difficult to induce citizens to attend the primaries, and yet in consequence of law and in reality the primaries are only secondary in importance to the election itself. Citizens do not seem to realize that upon the primaries depends the choice of delegates who are to determine the candidates of each party, who have any knowledge of criminal acts committed yesterday will communicate at once with me so that we may be enabled to the extent that the criminal law will permit to prevent occurrences such as are reported to have taken place yesterday. Mr. Jerome has assigned several members of his staff to take charge of the investigation. It is understood that he has the names of several men who were assaulted and also of instances where ballot boxes were stuffed.

John P. Cowan, who was defeated for the Tammany leadership in the thirteenth assembly district by Percival E. Nangle, said yesterday afternoon that he had abundant evidence of fraud in many of the election districts and that he had his men out gathering more evidence and getting it into shape to present it to the courts. Cowan said he thought the work would be finished by Friday or Saturday, and by that time he would have a statement for publication.

Nangle was confined to his bed all day yesterday and last night as a result of the injuries he received at the polling place at Fifth avenue and 133d street.

Matthew P. Donohue, one of the Murphy old guard, who was defeated by James Williams in the seventeenth, threatened to make a contest, but the McCellan men say he hasn't a leg to stand on, as he was fairly and squarely beaten.

## BIG PARADE

CORNER STONE OF VERDI MONUMENT Laid.

NEW YORK, Sept. 21.—The corner stone of the Verdi monument on the triangle at Broadway and 73d street was laid yesterday in the presence of 10,000 spectators. A drizzling rain fell throughout the entire service. Fifty Italian societies of New York, Brooklyn, Newark and Jersey City took part in a parade preceding the ceremonies. The speaking was done in Italian. Three hundred children sang in English a new anthem. The author, Signor Quintano has written to President Roosevelt with a view of having his composition adopted by the United States.

## BUILDING NEWS

Public Baths for Greeks Under Way

Nicholas D. Spiropoulos of 451 Market street has a scheme whereby he is going to improve the health of the Greek colony and incidentally make a few good money. Spiropoulos has taken out a building permit at the office of the superintendent of buildings for the purpose of establishing a public bath for the members of the Greek colony. He proposes to remodel his building at 451 Market street on the second floor and establish four bath rooms and four adjoining dressing rooms which he will let to his fellow-countrymen at a reasonable price.

There has been a demand for such an institution among the Greeks for some time as they are a clean race and have no bath rooms in their tenements. Mr. Spiropoulos was the first one to take up the matter of establishing public baths in the colony and the indications are that he will do a land office business. The taking out of a permit for a public bath has revived the talk of establishing a free public bath by the city, though it is extremely doubtful that anything will be done in the matter this year.

## BUILDING NOTES.

Dr. Meagher is making good progress on his three-story block in Lehigh street adjoining his house. The building will have two stories and two tenements and will cost \$2900.

The E. Huxton Son Co. of Tanner street has finished its office building and is now building an addition to its stable and storehouse, two stories high and 24 x 10 feet in dimensions.

Orrin O. Allen of 375 Chestnut street is putting a two-tenement addition to his building at that number. The addition will be two stories high, 20 x 30 feet, with pitch roof and will cost \$1900.

Mr. A. D. Puffer is adding two rooms to his building at 59 Curry street.

C. H. McEvoy is building a \$1200 barn 21 x 36, and one and a half stories high, at his place in Brookside street.

Work is being pushed along on the Fredrickson cement building in Chelsea, Ford and Westford streets, and the front is now being put on.

The sale of the George property in Chelsea street in the rear of the depot has started an agitation for a depot on its site instead of where it is now located. This is an improvement that must come some time and there are many who believe that there is no time like the present.

The bricklayers are making rapid progress on the addition to the immaculate Conception school and the walls are up above the first story.

## FAVORS SULZER

DEMOCRATS CALL FOR HIS NOMINATION.

NEW YORK, Sept. 21.—A sensation was created in political circles last night when an address signed by the "Allied democratic organizations of New York, to democratic delegates and voters of New York state, calling for a straight democratic ticket and platform at the state convention at Buffalo in flat opposition to the Independence league and endorsing Congressman Sulzer for the nomination, was issued to the newspapers.

The address bears the signatures of the following democratic organizations comprising the allied clubs:

The National Democratic club of the city of New York, the Jefferson league, representing the committee of one hundred citizens; the American Anti-Trust league; the Hyman democratic league and the Federation of Workmen of the state of New York.

They are attested by Wm. Mitchell, chairman, and Henry B. Martin, secretary.

The address calls upon democrats throughout the state to save the party from "the foe of democracy who seek only its disruption and plot its betrayal."

The address says in part:

"We appeal to the loyal democrats of this state to use all of their efforts and influence to the end that the delegates to the Buffalo state convention shall nominate a straight democratic ticket composed of men who are now democrats, who always have been democrats and who always will be democrats."

## BENT WITH YEARS

OLD WOMAN SENT TO THE WORKHOUSE.

NEW YORK, Sept. 21.—Her bent old form still more bent by the weight of something like \$50 in cents hidden in every fold of the rags which she kept on her body with difficulty, Mary Ward, 75 years old, of 27 Washington street, was arraigned in the Tombs police court yesterday before Magistrate Breen. Police Officer A. S. McNeill said he found her at Fulton and Nassau streets with a small basket of apples, which gave her a pretense to beg. She attracted a crowd by her unkempt appearance and was not backward in telling the newsboys who were annoying her what she thought of them.

She was charged with disorderly conduct for want of some other charge on which to send her to the workhouse. She was released from it only three months ago after fulfilling six months. When she was sent up before, \$8 in cents and nickels was taken from her. Of course she got it back when she came out. The board has grown since. The old woman prides herself on never having taken a drink of liquor in her life.

"You're no right to send me, a lady with money, to prison," she said. "I'm no vagrant, your honor. I support myself and have money in the bank."

She said she had no complaint about the way they treated her in the workhouse. They had kept her in the hospital

## YOUNG KENNEY 50 YEARS WED

Boxes in Philadelphia Tomorrow Night Major and Mrs. Allen Observe Anniversary

Martin Flaherty and Frank Kenney left today for Philadelphia where Kenney will box six rounds against Willie Willis of that city before the National Sporting club of that city for a decision and a good sized purse. Since Kenney won under the management of Martin Flaherty he has improved greatly, and Martin is confident of making a top-notch of him. If he wins tomorrow night he will have quite a name in Philadelphia where Willis is regarded as a first-rater. The law of the state permits only six-round bouts and hence in order to get a decision in that short space a boxer has to work all the time.

Major Thomas O. Allen, milk and vinegar inspector with headquarters at city hall, and his wife, are observing the fiftieth anniversary of their marriage at their home, 917 Middlesex street, today, a reception being held from four till six o'clock this afternoon, while between eight and ten o'clock this evening a reception will also be held.

Mr. and Mrs. Allen were united in marriage Sept. 21, 1856, in Medford by Rev. Jacob M. Manning, this marriage being the first ever performed by Rev. Mr. Manning, he being a young clergyman. Rev. Mr. Manning was afterwards pastor of the Old South church of Boston.

Major Allen was born April 29, 1856, in this city and was the son of Otis Allen, the well known lumber man and box maker and his wife, Miss Charlotte Augusta Pierce, was born in Middlebury, August 22, 1821.

Major Allen enlisted in the sixth Mass. regiment in 1861 and went through the entire war with the Sixth. Owing to his bravery and earnest work he was promoted at different intervals from a private to the rank of a major. He entered as a private in the 1st Mass. regiment and then was raised to the rank of a major, he having been honorably discharged with that rank.

At the close of the war Major and Mrs. Allen went to Florida where the former was in the lumber business, twenty years of his life having been spent there. He returned to Lowell in 1882 and in 1883 was elected inspector of milk and vinegar and since that time he has performed his duties in such a capable manner that he has had no difficulty in receiving re-election. He has done considerable in bringing the milk delivered in Lowell up to a high standard, his close attention to work and persistence, work against dealers of inferior milk as well as his work in the keeping clean of stables where cows are kept nesting in a very great measure the high standard of milk in this city.

At the reception this afternoon there were many relatives and friends of the happy couple. Prominent among those present were the three children of the couple, Mr. and Mrs. Edward A. Allen and two children of Portland, Me. Mr. Allen being in the electrical business, Miss Jennie L. Allen, a teacher in the high school and alderman Otis Allen and wife and child.

Major and Mrs. Allen were the recipients of many beautiful and appropriate presents.

Undoubtedly quite a number of local whippet fanciers will attend and considerable money will be wagered on the result.

## THE POOR FARM

Not a Soboring Up Place for Drunks

SHOULD NOT BE USED AS SUCH

Judge Hadley Delivered Temperance Lecture

"The poor farm should not be used as a place for drunken people to sober off. There are altogether too many sent there for that purpose," said Judge Hadley in police court today.

This speech was occasioned by the presence of a woman in police court who was brought down from the farm this morning after having gone through the sobering up process. The court said if that was the purpose for which the poor farm was to be used it would be better to abolish it entirely. The woman in question was placed on probation.

Talking with a young man arraigned before him for drunkenness today Judge Hadley said: "Look around you and observe the beautiful things there are for you to enjoy if you would but remain in your sober senses. This, the beautiful month of September has all the grandeur of the season. The flowers have not yet passed away, the fields are green and the song of the bird is heard in the woodlands. Awake, awake, I say to you and observe these beautiful things that nature offers; enjoy them and forsake the whiskey; abandon the hateful stuff that deprives you of your reason and your power to observe and to enjoy. The beauties of nature are as free to you as to the millionaire, and think how easy is the road to happiness. Just a little self-denial on your part and only for a little while. Soon the appetite will leave you and then you will feel yourself a man among men. By getting drunk you are losing the love of those that are dearest to you and likewise the respect of your friends. Brace up and realize that drinking is a foolish habit and that whiskey leads but to the grave."

There were others beside the young man to whom Judge Hadley addressed his temperance lecture that listened with an attention born of necessity. His words fitted more than one in that court room and perhaps the remaining days of the fall will seem more beautiful to some because of the judge's golden words.

Hugh Boyle was charged with drunkenness and was sentenced to seven days in jail.

The case of Alphonse Fontier, charged with larceny, was continued for one week and he was ordered to recognize in the sum of \$100.

## ANOTHER SITE

Offered for Centralville Fire Station

While the agitation for a fire house in West Centralville has not been before the public for a month or more the subcommittee on fire department as well as the committee itself is looking for a location for a new fire station in Centralville.

A month ago the subcommittee made a tour of inspection and recommended the Thompson land in Billings street, the price being 11 cents per foot, but the regular committee rejected this proposition and that seriously ended the matter.

Now Isabel A. Benoit offers land on Dalton street for 11 cents per foot. The matter will be referred to the committee on fire department. The letter is as follows:

Lowell, Mass., Sept. 20, 1906.  
To the City Council of the City of Lowell, Gentlemen: I herewith submit the following proposition for your consideration in connection with the purchase of land for a new fire station in Centralville.

I will sell to the City of Lowell a certain lot of land of 15,000 feet, situated on Dalton street, between Dalley avenue and Ludlow street, said lot is high and level and has sewer connection, and I will sell said land for thirteen cents a square foot.

Trusting that this proposition may receive your favorable consideration, I beg to remain

Respectfully yours,  
ISABEL A. BENOIT,  
53 Thirteenth street.

Mr. Varley, who owns considerable property in Lakeview avenue offers the city a lot of land in Lakeview avenue city lot of land in Lakeview avenue between Emmet street and the school with a 40-foot frontage on Lakeview avenue and the lot containing 5000 feet for a fire house for 20 cents per foot, the assessed value of the land. The site is one of the most desirable yet offered.

## Letter From Congressman Sullivan, Chairman of the Thorndike Committee Complimenting The Sun

THE SUN HAS RECEIVED MANY CONGRATULATORY LETTERS FROM DEMOCRATIC LEADERS IN APPRECIATION OF ITS SERVICE TO THE PARTY IN HAVING STARTED THE STAMPEDE FOR THE NOMINATION OF HENRY M. WHITNEY AS CANDIDATE FOR GOVERNOR AFTER HE HAD WITHDRAWN FROM THE FIGHT AND APPARENTLY LEFT A CLEAR FIELD FOR JOHN B. MORAN.

THE FOLLOWING FROM CONGRESSMAN JOHN A. SULLIVAN IS PRESENTED AS A SAMPLE OF THE COMPLIMENTS PAID THE SUN FOR ITS PART IN SUGGESTING THE ONLY METHOD OF CLEARING THE SITUATION AND MAKING THE BEST OF THE OUTLOOK FOR A DEMOCRATIC VICTORY:

## CONGRESSMAN SULLIVAN COMPLIMENTS THE SUN

449 Tremont Building, Boston, Mass., September 20, 1906.  
John H. Harrington, Proprietor Lowell Sun, Lowell, Mass.

Dear Mr. Harrington:—I cannot refrain from extending to you my sincerest congratulations upon the many stand you have taken for the best interests of the Democratic party. Your news articles and editorials have helped to put new life in the movement which is being conducted for the rescue of the Democratic party from the hands of those who would drag it deep into the mire of humiliation and disgrace. The Democrats of Massachusetts have the opportunity to snatch victory from defeat by uniting now upon Henry M. Whitney as their candidate. The campaign which he would make upon the issue of tariff reform and Canadian reciprocity would be such that no man would dare to predict Republican success. The very mention of his name was sufficient recently to cause the greatest consternation in the Republican camp and the Republican leaders did not draw a full breath until he withdrew from the contest. The revival of his name at this time has given Republicans the greatest uneasiness, while at the same time it has given Democrats the greatest satisfaction. There is only one issue upon which the Democratic party may appeal to the people of Massachusetts with any hope of success; that is the great issue of tariff reform and reciprocity with Canada. A revision of the iniquitous Dingley tariff, coupled with freer trade relations with Canada, would give larger employment with higher wages to our workmen and bring in an era of prosperity unprecedented in our history. There is but one man now who is capable of presenting this issue in such a manner as to convince the people of Massachusetts that upon its success depends our industrial salvation. With this issue presented by Henry M. Whitney we may look confidently forward to victory at the polls.

Permit me again to express my appreciation of the splendid work you are doing for the Democratic party and all the people of Massachusetts as well.

Yours very truly,  
JOHN A. SULLIVAN.

## THE B. &amp; N. ROAD CITY TREASURER

Need Not Pay For Will Pay the Cemetery Paving Fletcher St. Employees

The city collector has decided that the Boston & Northern will not have to pay any part of the repaving of Fletcher street as a result of the railroad company laying tracks in that street.

It will be remembered that Mayor Casey had several conferences with Rep. Lees of the railroad in an endeavor to have the company pay a proportionate part of the expense as the street at the present time is in very poor condition and a portion of the street in dangerous for travel.

City Collector Hill today handed down the following opinion:

Office of City Collector, Lowell, Mass., Sept. 21, 1906.

Hon. James H. Casey, Mayor of Lowell, Dear Sir: In accordance with your request under date of September 16th, for my opinion as to the obligation, if any, resting upon the Boston and Northern Street Railway company, under the terms of a resolution passed by the board of aldermen, May 15th, 1901, to cooperate with the city to place Fletcher street in a safe condition for public travel, I have the following reply to make:

You quote certain paragraphs from said resolution, which resolution authorizes the street railway company to lay tracks in Fletcher street. The real question presented is one of fact rather than law, therefore, I have conferred with the city engineer and the superintendent of streets and find, in brief, the following to have occurred:

The street railway company applied to the city engineer and was given the grade of the street, and in accordance therewith laid its rails and paved between them and eighteen inches outside, and left the street "in substantially as good order and condition" as it was before. This was a compliance on the part of the company with the grant to it, and it is under no obligation to do more.

Respectfully submitted,  
J. GILBERT HILL,  
City Collector.

## BOYS SET FIRE

Which Nearly Burned a Barn

Two boys, under five years of age, with a card of matches came near causing a disastrous fire this morning. The timely discovery of the blaze and the active work of the fire department succeeded in keeping the damage down to a few dollars.

It was shortly after ten o'clock that neighbors in the vicinity of Riverside avenue between the Mammoth road and White street discovered clouds of smoke and flames pouring out of a stable in the rear of a dwelling house. An alarm from box 27 was immediately pulled in and when the department arrived it was found that a stable occupied by Margaret and William and owned by E. Pagan was ablaze.

The blaze was soon extinguished but not before it had burned several tons of hay as well as the interior of the stable.

An investigation by Chief Hosmer brought to light the fact that two boys, between the ages of four and five years, were responsible for the fire. The boys, becoming frightened when they saw what was done told on each other and between the two of them the whole story of the cause of the fire was learned. It seems that one of the boys secured a card of matches and told the other boy to set the fire.

Fred C. Church had the insurance.

the difficulty without debate and had American intervention Secretary Taft was very much after today but it is known that he had been in frequent communication with President Taft and that Secretary Taft will not be able to settle the far worse than he had supposed.

## THE B. &amp; N. ROAD CITY TREASURER

Need Not Pay For Will Pay the Cemetery Paving Fletcher St. Employees

The city collector has decided that the Boston & Northern will not have to pay any part of the repaving of Fletcher street as a result of the railroad company laying tracks in that street.

It will be remembered that Mayor Casey had several conferences with Rep. Lees of the railroad in an endeavor to have the company pay a proportionate part of the expense as the street at the present time is in very poor condition and a portion of the street in dangerous for travel.

City Collector Hill today handed down the following opinion:

Office of City Collector, Lowell, Mass., Sept. 21, 1906.

Hon. James H. Casey, Mayor of Lowell, Dear Sir: In accordance with your request under date of September 16th, for my opinion as to the obligation, if any, resting upon the Boston and Northern Street Railway company, under the terms of a resolution passed by the board of aldermen, May 15th, 1901, to cooperate with the city to place Fletcher street in a safe condition for public travel, I have the following reply to make:

## Now is Time to Decide Says Taft

HAVANA, Sept. 21.—A record day of conferences with the leaders of the revolution in the Cuban capital has not been the Secretary of War Taft and Assistant Secretary of State Bacon to announce any plan of compromise. The atmosphere of the negotiations is one of the most moderate and reasonable that has been known in the history of the Cuban revolution. Taft said today that he believed when he came to Cuba he was to face the extent of the revolution and to decide whether or not the United States would be willing to make a compromise. Mr. Taft added that the United States government was not in a position to make a compromise until it had decided whether or not it was willing to make a compromise. He said that the United States government was not in a position to make a compromise until it had decided whether or not it was willing to make a compromise.

make a compromise by the United States government. This advice he offers to the Cuban revolution. visit yesterday to Messrs. Taft and Bacon and to the United States government. The mayor intended to assist Secretary Taft to get in touch with the commercial interests and under Mr. Taft's instructions will direct the several business groups each to name a representative to talk with the mediators confidentially. The commercial affairs of Cuba have suffered during the present brief conflict more severely than people say. Then during the ten past weeks a shipment has left Havana wholesale houses of manufactures in the last few days. Financial circles are anxious and business men are waiting with great anxiety an opportunity to meet Messrs. Taft and Bacon who are expected to leave Cuba tomorrow. Cuban, Spanish-American and other business men are taking of another trip to Messrs. Taft and Bacon, men of the same radical form of intervention or intervention.

Officials of the government say that attitude has not changed and none of them entertains any intention of resigning. Gov. Nunez of Havana province said to the Associated Press last night: "My interview with Secretary Taft yesterday stated that the government was able to quell the revolution but that it would not be able to do so to protect all the foreign property in Cuba. It must be remembered that one man can burn a thousand acres of cane and blow up railway bridges worth many thousands of dollars. Many of the men under arms have no fixed idea of political affairs and others are merely mercenary adventurers. The American government is now holding the future of the Cuban republic. If it helps the government stop this revolution there need be no fear of more revolution because Cubans will see that the United States will compel law and order in Cuba by sustaining the established government."

There may have been frauds in our elections but as a whole there is no reason to panic them. We cannot accept the liberal conditions because now election after a revolution would mean a victory for law breakers and encourage others to follow their example. We want peace, not more bloodshed and destruction. In accordance with the suggestions of liberal leaders to Secretary Taft the government has granted passes to General Asburi, one of the insurgent leaders in Havana province and Gen. Machado and Orestes Ferrera, insurgent leaders of Santa Clara province to come to Havana to testify before the American mediators. In accordance with Secretary Taft's suggestion Mayor Cardenas called a meeting of commercial interests at which the situation was discussed and a resolution was adopted to send representatives to visit the American mediators and supply them with every information possible from their respective standpoints. There were present representatives from the chamber of commerce, the United States manufacturers, the Cuban steamship lines, the landed proprietors' association and the Agrarian league bank directors and other interests.

**AMERICANS**  
**PROTEST AGAINST SEARCH OF THEIR HOUSES.**

HAVANA, Sept. 21.—In view of complaints from American residents of the Isle of Pines the government has prohibited further search of American homes there or other molestation. It has developed that the Americans on the Isle of Pines were approached by the insurgents and asked to co-operate to the extent of not resisting a landing by the insurgents and their men of the island as a base of supplies. This the Americans refused and they declare it is especially unjust to disarm them and invade their homes in a high-handed manner. Consul General Starn has presented the matter to the government with the result that no further interference with Isle of Pines Americans will be permitted.

**SUITS ENTERED**  
**SAILORS WERE BARRIED FROM DANCE HALL.**

CLEVELAND, O., Sept. 21.—Suits for \$500 damages were filed yesterday against the Humphrey company, proprietors of Euclid beach, by two sailors, Bedford Stauffer and John G. Sontheimer of the United States training ship Wolverine, who were ordered from the dancing floor last week because they did not wear white shirts and collars with their uniforms. Alfred Aine who has charge of the government recruiting service, returned yesterday, after a short visit out of the city and at once took up the affair.

**MANY OPPOSED**  
**TO UNION OF BAPTISTS AND FREE BAPTISTS.**

SPRINGFIELD, Sept. 21.—Opposition to the union of the Baptist and Free Baptist denominations developed today in the Westfield Baptist association which passed a resolution declaring that the statement of the National Baptist conference that the union of the two bodies was a step toward the abolition of the two bodies was insufficiently supported. "We are unwilling," the resolution reads, "to accept the correctness of the affirmation until the question has been submitted to each local church and verified by their vote." This resolution was a substitute for a more radical one offered by Rev. Dr. D. D. Hahn, one of the most prominent clergymen of the association in which it was declared that the association could not subscribe to the statement that the doctrinal differences between the two bodies have become unimportant or obsolete. This is said to be the first open protest against the election of the national commission.

**IN BOSTON**  
**SCOTTISH RITE MASONS WILL HOLD NEXT MEETING.**

BOSTON, Sept. 21.—Boston was selected as the meeting place next year at yesterday's session of the annual convention of the supreme council of the Scottish Rite Masons of the Northern jurisdiction. Much time was devoted yesterday to the reading of memorials in honor of deceased members. In addition the election of new members to be initiated next year was held. The names will not be made public until they have been taken degrees.

Miss Nora Brennan of Helvidere left yesterday morning for New York City where she intends to reside with her brother, Mr. M. J. Brennan, formerly of this city and now holding a responsible position in New York. Miss N. Mahoney has returned home after a two weeks' enjoyable vacation.

# THE LOWELL SUN

SUN BUILDING, MERRIMACK SQUARE, LOWELL, MASS.

JOHN H. HARRINGTON, PROPRIETOR.  
Member of the Associated Press.

Three Dollars per Year. Twenty-five Cents per Month

The Sun receives the full day service of THE ASSOCIATED PRESS, the greatest news-gathering organization in the world. The entire service received over a leased wire, by our own operator, in our own office in The Sun building.

## SWORN CIRCULATION OF THE SUN

The sworn daily average circulation of The Lowell Sun for the year 1905 was

14,829

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred Pilotte, pressman of The Sun, before me, January 1, 1906.

JOHN J. HOGAN, Notary Public.

This is a larger circulation than the combined circulation of all the other daily papers in Lowell.

An advertisement placed in The Sun is of more value to the advertiser than if it were inserted in all the other newspapers in Lowell, and the cost of inserting it in The Sun is about ONE-THIRD the price charged by the other papers.

## CALL TO DEMOCRATS

THAT APPEAL OF THE THORNDIKE COMMITTEE IN FAVOR OF THE NOMINATION OF HENRY M. WHITNEY FOR GOVERNOR ON THE DEMOCRATIC TICKET WILL HAVE A MAGICAL EFFECT UPON THE DEMOCRACY OF THE STATE IN CLEARING THE SITUATION OF ALL ELEMENT OF DOUBT AND PUTTING ASIDE THE ABSURDITY OF MR. MORRIS' PLEA FOR DEMOCRATIC ENDORSEMENT.

THIS CALL TO DEMOCRATIC VOTERS SHOWS THAT WITH THE RIGHT MAN AS STANDARD BEARER THERE IS A CHANCE TO WIN; IT SHOWS ALSO THAT JOHN B. MORAN IS NOT THE RIGHT MAN TO NOMINATE. THIS IS PROVED BY A CRITICAL REVIEW OF HIS POLITICAL AND OFFICIAL RECORD. THEN IT IS ALSO SHOWN THAT HENRY M. WHITNEY IS THE LOGICAL CANDIDATE AND THAT SINCE HE HAS CONSENTED TO RE-ENTER THE FIGHT, THE DEMOCRATS WHO ARE LOYAL TO THEIR PARTY SHOULD ENDEAVOR TO ELECT DELEGATES WHO WILL SUPPORT HIM IN THE CONVENTION OF THEIR OWN FREE WILL, THOUGH UNPLEDGED IN THE PRIMARIES. OWING TO THE FAILURE TO FILE WHITNEY DELEGATES, THERE WILL BE TWO LISTS VOTED UPON, ONE FOR MORAN AND THE OTHER UNPLEDGED. BY ELECTING THE UNPLEDGED DELEGATES WHITNEY'S NOMINATION MAY BE BROUGHT ABOUT AS THE UNPLEDGED DELEGATES WILL BE FREE TO VOTE FOR ANYBODY THEY SEE FIT IN THE CONVENTION. ANYBODY WHO READS AND STUDIES THE CALL ISSUED BY THE COMMITTEE OF SEVEN IN BEHALF OF WHITNEY, MUST REALIZE THAT THE INTERESTS OF THE DEMOCRATIC PARTY WILL BE SUBSERVED BY THE NOMINATION OF WHITNEY AND THAT THE PARTY'S CHANCES WILL BE LOST AND THE PARTY DISINTEGRATED BY THE NOMINATION OF MR. MORAN. UNDER THE CIRCUMSTANCES, THE DUTY OF LOYAL DEMOCRATS IS PLAIN.

### THE STEEL TRUST OMINOUS.

That the steel trust has no regular price list, but sells its products for all it can get may be news to some people. Yet this is stated to be the case by H. M. McGUIRE, a prominent insurance broker of Chicago, says the Washington Post, who declares that the solicitors, when on the road securing trade are not permitted to ask instructions of the corporation. They must act on their own judgment and "sell steel according to the best bargain they can drive." Such a system of doing business is sheer plundering of some customers of the trust for the benefit of the close buyers. It is worse than the other system of the trust to sell cheaper to foreigners than to our own people. The retail tradesman that sells cheaper to some customers than others is soon found out and loses trade, but the steel trust has such command of the market for steel that it can do pretty much what it likes. Thus it is by reason of the protection on steel that the tariff gives the trust virtually no competition and until this monopoly is cut off by revision of tariff rates, the trust can plunder its customers and through them all the people by unfair business methods and the enormous profits the tariff protects it in getting.

### AS TO SUSPICIOUS FIRES.

The fire marshal's assistant comes often to Lowell to investigate suspicious fires but that is the last heard of the cases. It seems the fire marshal's assistant requires a pretty strong case before he takes anybody in for setting fires. It seems that a little detective skill would enable him occasionally to run down the guilty parties where there is conclusive evidence of guilt.

### THE NEW BOARD OF HEALTH MEMBER.

The question is asked Who is Thomas J. Beane who has been elected to the board of health? We might answer that he is a gentleman of family who resides on Pleasant street, and anybody who sets him down as a nonentity will make a very grave mistake. He possesses two leading qualifications not commonly found in public officials nowadays but which should always be insisted upon, namely, honesty and intelligence.

### THE EIGHT-HOUR DAY.

To draw their pay the employees of the city of Lowell under the new law must work or pretend to work eight hours a day. They are not obliged to work over eight hours except under a special contract which is seldom made.

The Village Improvement society of Billerica is doing great work in its active encouragement of good taste in gardening and beautification of the homes. It is an art well worthy of cultivation.

The recent accounts of the Hong Kong disaster by the typhoon make it nearly as bad as the San Francisco earthquake. It is well that the typhoon does not appear oftener than once in three years.

And now it is J. Henry Collins who "sails into" Senator Hilton. J. Henry might make a good senator but there are democrats who can outstrip either.

Jerome's gubernatorial boom in New York has fallen flat, so will that of John D. Moran who has made Jerome a sort of model.

## GYPSY "QUEENES"

Said to Have Swindled Merchants

FOUR WOMEN UNDER ARREST

One Man Says They Got \$10

WEXMOUTH, Sept. 21.—A caravan of gypsy fortune tellers and horse traders, made up of five two-horse wagons, covered with red and blue awnings, and containing 6 men, 5 women and 12 children, on its way from Boston to the Brockton fair, stopped at Weymouth Landing yesterday afternoon. While the men and children looked after the outfit, four of the women, dressed in flowing robes of gypsy queen, it is alleged, proceeded to "do" by sleight of hand and an attempt at fortune telling, several of the merchants and grocers of the town.

A "queen" entered the shoe store of Charles Spear and asked the privilege of telling Mr. Spear's fortune. In order to do this she requested the use of a \$10 bill. Then, by a system known only to the "queens," the fortune was told. Later Mr. Spear claims he found his cash was \$10 short.

James Bond, who keeps a clothing and dry goods store in Weymouth, told his fortune told, but it only cost him 50 cents, as that was the amount he placed in the palm of the queen's hand.

The party visited the store of William Gould and after they had gone Mr. Gould says he missed groceries and peppers.

Elmer Houghton, who keeps a store on Washington st., thought it wise to leave his fortune told and after the "queen" had gone 10 cents was missing, which he had simply loaned her. John F. Eason, grocer, left his store in charge of his clerk, Mr. Houghton. The queen gave an exhibition of sleight-of-hand, using some of Mr. Houghton's effects during the performance, and after the "gypsy" had gone Mr. Houghton found his cash was \$10 short.

han found that one of his pockets was short \$2.00.

As soon as the business men realized that the laugh was on them they notified Officer Walsh, who, with H. H. Worcester, started in Mr. Worcester's carriage to hot pursuit of the caravan, which was overtaken on the outskirts of the town.

Four women were placed under arrest. They gave the names of Marie Adams, 50 years old; Pauline Adams, 30; Marie Adams, 25, and Theresa Adams, 23. They are held on the charge of larceny. The rest of the outfit followed the officers and his charges to the police station. There, not under arrest, were given the station where they made their camp. The men of the party gave their names as John Adams, Stephen Mark, Peter Adams, Paul Mackewitch and Franz Adams. They said that they were Brazilians.

## POLICE CALLED

Boston Jews Bombarded Two Stores

BOSTON, Sept. 21.—While practically all of the Hebrew inhabitants of this vicinity were celebrating the beginning of the Jewish year yesterday two shopkeepers of that nationality refused to close their places of business and their refusal was the cause of a demonstration on the part of a thousand orthodox Jews in the West End last night. Some stones and other things were thrown at the stores of the men who refused to close work and the disturbance called out a squad of police who dispersed the crowd with difficulty, but made no arrests. The two men then closed their stores and went to their homes.

## MADE A FIGHT

Kidnappers Tried to Steal a Child

PROVIDENCE, Sept. 21.—The bold attempt at kidnapping in years was reported near Lakewood just before noon yesterday. It was frustrated through the interference of the neighbors and by Constable Charles Taylor, who was shot and slightly injured.

Albert Raymond Chaboureaux, a 4-year-old boy, was playing about the yard of his home, occupied by his parents, when the attention of some of the residents nearby was attracted by two men who appeared to be acting in a suspicious manner. A closer inspection revealed that the men had seized the child and had tied him, and evidently intended carrying him off.

Charles Taylor, who is one of the constables of the town of Warwick, was called to the scene of the affair, located on what is known as the Baker plot, about two miles below the village of Lakewood and near Palace Gardens. As soon as the officer came near the men, he demanded an explanation of their action and then attempted to place them under arrest, as he did this, one of the men drew a revolver and fired a shot at the constable. The shot grazed the latter's head, whereupon the men ran into the woods nearby, leaving the kidnapped boy bound upon the ground.

As they were disappearing in the woods, the constable fired at them. They returned his fire, one of the shots striking him in the left wrist. The shock caused him to fall to the ground. The neighbors, who had been gathering to witness the outcome of the affair, chased the two men, but without success.

## THE CREW LOST

The American Schooner Twilight Capsized

WASHINGTON, Sept. 21.—The capsizing of the American schooner Twilight and the loss of her crew in the recent Carolina coast storm is announced in the following dated yesterday received at the navy department by wireless via St. Augustine from the cruiser Albatross on her way to Cuba. "The Albatross left fifty miles east of Charleston at midnight picked up a man at sea floating on a plank. Two men heard his voice alongside at eleven. Stopped the ship and turned on the searchlights and lowered a lifeboat. The man's name was James Olson and he belonged to the schooner Twilight which capsized at six o'clock on the morning of September 17. There were seven in the crew. We remained in the vicinity using searchlights until daylight but saw no sign of the wreck or of any survivors.

"FISKE, Commander." The Twilight, Capt. Hedden, was of 125 tons and her home port was Wilmington, Del. She sailed from Charleston Sept. 11 for Philadelphia. She was built at East Haven, Conn., in 1874.

### FOUND BRIDE

DIVORCED WOMAN GETS BRIDE FOR FORMER HUSBAND.

CHICAGO, Sept. 21.—Colin C. Taylor, writer and lecturer, made such a hit with his wife that she promised when divorced to pick him out a "nice, sweet girl" who would free his heart from pain. They were divorced a few months ago and true to her word the former Mrs. Taylor, who quickly re-married, introduced Taylor to Miss Hendricks, a singer with youth and beauty. They were married Wednesday and the first congratulatory came from the ex-Mrs. Taylor. The marriage was to have taken place on a bridge at midday, but the rain made a coward of the clergyman. The pair went on the bridge, clasped hands and promised to be good. Then they returned to the house and were really married.

## MEAT INSPECTION

Rulings Made on Canned Goods

WASHINGTON, Sept. 21.—Further rulings in connection with the enforcement of the meat inspection law, after Oct. 1 next, were made public yesterday by the secretary of agriculture, and give an idea of what consumers are to expect hereafter when purchasing meat products, particularly canned goods. Anything suggesting a false or deceptive name will not be tolerated, and no picture, design or device which gives any false indication of origin or quality will be permitted upon any label, as for example, the picture of a pig appearing on a label placed upon beef products or the picture of a chicken upon the label of a veal or pork product. Geographical names are allowed to

be used only with the words "Cut," "Type," "Brand" or "Style" as the case may be, except upon foods produced or manufactured in the place, state, territory or country named. For instance, "Virginia Ham" must be marked "Virginia Style Ham"; "English Ham" must be marked "English Style Ham"; "Westphalia Ham" must be "Westphalia Style Ham." The word "Ham" without a prefix indicating the species of animal is considered by the department to be a pork ham, but trimmings removed from the ham and used in the preparation of polished meats or sausage, or when used alone, may be known as "Polished Ham," or "Ham Sausage." Frankfurter sausage no longer can be known as such, but must be called "Frankfurter Style Sausage." The rules clearly define what constitutes pure lard, but prescribe that substance composed of lard, stearin or other animal fat and vegetable oil may be labelled "Lard Compound." Among the restrictions are the following: "Pork Ham" cannot be called "Ham," but may be called "Pork Ham," "Pork Ham Sausage" or "Pork Ham Sausage." "Little Pork Sausage" or "Plumy Sausage." Extract of beef must be actually made from beef, and veal extract must be called such unless the meat used is veal only. The same rules apply to other canned products and meat processors are warned that the names do not exempt them from the enforcement of state laws.

**CHILD KILLED**  
BANK PRESIDENT WAS BADLY INJURED.  
CINCINNATI, Sept. 21.—In the wreck of Chas. M. Schwab's automobile at St. Martin de Oniz, France, J. H. Schindlapp, president of the United Savings and Trust company in this city, was injured and his daughter, Charlotte, killed. The news came in a cable despatch yesterday. Mr. Schindlapp, who is widely known in financial circles throughout the country, was touring France with his daughter and Mr. and Mrs. Lee Ault, in an automobile belonging to Mr. Schwab. Seven years ago Mr. Schindlapp's wife and daughter were killed in a railroad wreck in this country.

## New Fall Shoes For Men

Now, or when you are ready for shoes don't forget Our New Shoe Department

The new shoe store is admirably located in the front of our main store—in charge of Mr. John F. Flynn, for many years with Messrs. O'Sullivan Bros.

This department, not yet a week old, can naturally have only the newest styles, and it has been stocked with the most carefully selected shoes.

Mr. Flynn's experience in handling good footwear is an assurance that only shoes of established merit will be sold.

Today's items have to do with some of the latest styles. We are convinced that these shoes are the best possible values at the prices—better than you are ordinarily shown.

FRENCH ENAMELED CALF BALS—With oak tanned double welt sole. A snappy shoe for young men ..... \$4.00  
SMART PATENT CALFSKIN FOXED LACE BLUCHERS—with neat calf uppers, double or single oak tanned soles..... \$4.00  
SMOOTH CHROME CALFSKIN BUTTON BLUCHERS—narrow toe last for young men, and chrome calf balls, on the same last—oak tanned double soles..... \$4.00  
PATENT COLTSKIN BUTTON SHOES—the new diamond toe—oak tanned single sole. Exceptional value ..... \$3.00  
DULL CALFSKIN LACE BLUCHERS and BALS both on new lasts, with stout oak tanned double soles ..... \$3.00

**Men's and Boys' Educator Shoes**  
A natural last that assures the greatest possible comfort to the wearer—these common sense shoes in various leathers.  
MEN'S SHOES on all of the new lasts, made from sturdy good wearing leathers, with heavy solid soles ..... \$2.00 and \$2.50  
Mr. Flynn will make a specialty of fitting arch supporters—the only practical relief for "flat foot" or weak instep. The pain arising from these troubles is often mistaken for rheumatism, when it perhaps arises from a breaking down of the arch and instep. We will fit an arch supporter that rests the foot, restores natural elasticity to the muscles and makes walking a comfort.

**... NEW HATS ...**  
in soft felts and derbies. Our hat business is bigger and better than ever this season; growing as it should grow, for the newest, smartest and best hats are here—priced less than you'd pay for them in a special hat store.

SOFT HATS—In the new pearl, pearl grey and fawn, in Alpine and deep crown telescopes. For men and young men..... \$1.50 to \$3.50 For boys ..... 75c to \$1.50  
OUR STETSON DERBIES are good hats for good dressers; the best stiff hats one can buy. Fine new shapes from Stetson; featherweight flexible derbies that are as comfortable on the head as a soft hat, and full stiff derbies..... \$3.50 and \$4.00  
OUR OWN SPECIAL STIFF HATS made for us in Dunlap, Lamson & Hubbard and other leading shapes. Extra fine bodies; silk bands and bindings and especially fine leathers. \$2.00 and \$3.00  
OUR MONEYBAK DERBY, \$1.50—a wonder in stiff hats. All new shapes, finely trimmed, warranted not to break or fade. A new hat or the price you paid if one goes wrong. Our Moneybak Derby ..... \$1.50

## Handsome Fall Neckwear

Here is a collection of the richest silks in the new Fall colorings that outclasses any display we have ever made. ## BOLIVAR BEATEN BILLERICA NEWS

For Board of Trade Singhi After Surveyor  
Stakes of Highways

COLUMBUS, O., Sept. 21.—Two races were decided and two more almost completed yesterday afternoon at the grand circuit meeting. The cuppy track made the going very tiresome for drivers. Ten thousand persons attended.

Bolivar's defeat in the 207 board of trade stakes caused a big upset. In the final Wednesday, Bolivar had one heat, but the gelding paced the first half of yesterday's opening mile in 1:01 1/2 and finished lengths ahead of his three rivals. Bolivar hung on well in the deciding mile, and won when Bolivar gave out in the home stretch.

Belle Bird, favorite in the 215 trot, succeeded in prolonging the race by bolting out Little It. In the third heat by half a length, after the latter had easily won the first two. Belle Bird won the fourth mile and the race had to go over until Friday for decision. Miss Gray was picked to win the 217 pace, and landed the first heat, going into the 210 class to keep clear of Moore, Rushville, a well played entry, won the next three heats and the race. Eleven 3-year-olds came out for the Kentucky stock farm futurity trot. Ed. Custer won the first heat. The Abbe, a full brother of The Abbot, out-gained the Custer colt at the finish of the second mile and won by half a length.

TWENTY TO ONE.  
NEW YORK, Sept. 21.—Belle of Frequent, at 20 to 1, won the Ocean View stakes at Gravesend yesterday. In a driving finish from a small field. She led from start to finish and won by a length from Hot Toddy. The latter beat Nealon a length for the place.

The opening was only a gallop for II. H. Whitney's chestnut filly Brookdale nymph, which won by two lengths. "Big Tim" Sullivan won the second race with Ace High, which won by a head from Rappahannock. The third race went to Samuel H. Harris by 1 1/2 lengths.

In the fifth The Wrestler won cleverly by 1 1/2 lengths from Frank Gill. Fly-back won the sixth race handily. Jiggs finished second. Common Sue won the seventh.

## CHORAL SOCIETY

ALL LOWELL SINGERS INVITED TO  
A SOCIABLE.

The Lowell Choral Society is planning for a social gathering of its members and all singers in Lowell and vicinity, whether members or not and all others, who are interested in the society, for Wednesday evening, October 3rd, in the Banquet Hall room, Old Fellows' Hall, Middlesex street. It is hoped that there will be a large gathering of the musical people who are interested, without further notice. The gathering will be informal. The purpose is to get together thus, so early in the season, all who are interested in the Lowell Choral Society for the coming year.

It is expected that Mr. Henri Haisa will be present and plans will be outlined for the year's work. There will probably be a mid-winter concert, in February, and a great festival in May. The success of the society last year warrants the vigorous support of its work and those desiring to belong should show their intention as soon as possible.

## AT CITY HALL

PRECINCT OFFICERS INSTRUCT-  
ED.

The precinct officers elected to serve at the state and city primaries and elections met in the public hearing room at city hall last night and were instructed as to their duties by City Clerk Girard P. Dandman. About all of the appointments to the places of clerks, wardens, inspectors and deputies were on hand. A roll call showed 175 out of 216 present and at the close of the instruction the oath of office was administered. The remainder will be allowed to take the oath of office within the next few days.

## FISHING PARTY

HAD BUT POOR SUCCESS AT  
SWAMPSCOTT.

Messrs. Daniel D. and Frank Fox of Swampscott yesterday while a fine time was had the fish did not bite very well. There were 57 in the party, including men from Swampscott, Tewksbury and other suburban towns and a special electric car left Lowell for Swampscott long before daylight yesterday morning. Upon arriving at their destination the men found a schooner waiting for them. The catch was reported to be very small. Either the fish did not bite or the angle did not know how to entice them.

## LADIES' NIGHT

FITTINGLY OBSERVED BY THE C.  
Y. M. L.

The third in a series of ladies' nights was given by the Catholic Young Men's Lyceum at the rooms of the Lyceum in Suffolk street. The affair was under the direction of the members of the Red table of the coming social carnival to be conducted by the society. The members of the other three tables were in attendance.

A meeting of the four tables was held during the earlier part of the night and this was followed by a social hour. Light refreshments were served.

## AT THE POST OFFICE.

Wm. Burns, clerk at the post office, who was a delegate to the recent national convention of the United Post Office Clerks at Savannah, has gone to North Troy, Vt., and will return to this city Sunday. President John Farrell of the state branch who accompanied Mr. Burns has assumed his duties at the office.

Mr. Farrell remained over in New York city to attend the obsequies of his uncle which occurred in New York early in the week. Mr. Farrell at the Savannah convention was re-elected organizer of the Eastern district, the position he was elected to at the national convention in Cedar Rapids, Iowa, last year. He will in his official capacity attend the convention to be held in Peoria, Illinois, next year.

Messrs. Farrell and Burns were royally entertained while in the south by Dr. Morris, a well known veterinary surgeon, formerly in the employ of Charles H. Joyce of this city.

The board of selection of Billerica met last night in the town hall and during the evening there was excitement galore. The hall was set aroning by a petition asking for a special town meeting to investigate the affairs of Highway Surveyor Edgar F. Twombly.

The petition was presented by Selectman F. A. D. Singhi and was signed by about one hundred citizens of the town.

After considerable discussion it was voted to give the petitioners leave to withdraw and this led to a hot discussion between Chairman Perry and Selectman Singhi.

Mr. Perry contended that the matter of investigating Twombly's department had been hanging over for four or five months, even though the selectmen had examined his affairs some time ago and found nothing irregular with them. He said that the town has been made the laughing stock of the community at large over the matter. He also stated that he did not believe that the case against Twombly should be reopened, at least by the selectmen.

More fireworks were in order when Mr. Singhi, who is clerk of the board, attempted to conceal the petition from selectman Mahoney, this being after the petitioners had been given leave to withdraw. Mr. Mahoney insisted on his rights, however, and was upheld by Chairman Perry.

It was intimated last night that the petitioners will apply to a justice of the peace for a special warrant to hold the special meeting.

Superintendent of Highways Twombly would not talk on the subject. Rev. Thomas Legate Fisher, rector of St. Andrew's parish, Ayer and Groton, will officiate and the choir of the Forge Village Mission, assisted by the organist of that mission will render special music at the special evening service to be held at St. Anne's Mission next Sunday night in observance of the sixteenth anniversary of the church. The service will commence at seven o'clock.

At a meeting of the selectmen held last night the names of Thomas H. Kittredge and Dick J. Polson were drawn to serve as jurors at the October term of the superior court to be held at Cambridge.

A social party will be held in Thomas Talbot Memorial hall tonight by the Cheyenne club.

Thomas M. Clark will enter the political arena at the primary caucus, which is to be held by the republicans of precinct two as a candidate for delegate to the congressional convention.

In accordance with a warrant now in the hands of the constables all persons who have not paid a license on their dogs Oct. 1, 1906, may be prosecuted and will be liable to a fine of \$15.

## GEORGE SILER

HAS FILED SUIT AGAINST NOLAN  
AND NELSON.

CHICAGO, Sept. 21.—George Siler, the referee in the recent fight between Joe Gans and Battling Nelson yesterday filed suit for libel in the superior court against William Nolan, the manager of Nelson and Nelson himself. Siler claims damages to the amount of \$50,000. Since the fight both Nolan and Nelson have been quoted as saying that Siler received money for giving a decision in favor of Gans.

# LOWELL INN

## NEW DINING ROOM AND BUFFET OPENED.

The Lowell Inn, renovated, remodeled and beautiful with the retouching of the decorator's art was thrown open to

the public last evening and the opening was a most auspicious one. A supper fit for a king was served and hundreds called to participate in the feast and to extend their congratulations to the proprietor, Mr. Thomas F. Hoban, and to wish him success in his new enterprise. The objective points were the new and elegantly appointed cafe and

private dining rooms on the second floor. The painting and artistic decorating in these rooms was done by Mr. James Wilcox of Boston and they are as unique as they are elaborate. The rooms were gay with flowers and guests were entertained with orchestral and vocal music.

# THE PRESIDENT

## BITTERLY ASSAILED AT MEETING IN NEW YORK.

NEW YORK, Sept. 21.—President Roosevelt was bitterly assailed by several orators at a meeting last night at

Copper Union of the Jewish Central Fund of America, which was attended by 3000 Jewish men and women and children, who came to listen to a representative from the Russian Jewish Fund, Morris Lillquit, a lawyer, denounced the action of the chief magistrate for sending to Russia a message

of sympathy following the assassination of Grand Duke Sergius and failing to send to the Jewish population in Russia a message of sympathy when their fellow men and women were slaughtered recently at Bialystok and Siedlce.

The board of directors of the Ladies of Charity met last night at St. John's hospital to nominate officers for the ensuing year. Two tickets were placed in nomination, and the election will take place at the meeting to be held on the second Sunday in October.

## NEW RAILS

## AND PAWTUCKETVILLE PEOPLE ARE HAPPY.

After patiently waiting and daily getting their bumps for over two years the patrons of the Vermont Avenue and Pawtucketville street car lines this morning had the intense satisfaction of seeing a crew of street railway employees tearing up the tracks at the corner of Pawtucket and School streets preparatory to laying of new tracks at the curve. For two years it has been

one of the worst spots in Lowell and the conductors on the cars were tired out from the constant complaint of the patrons. The company put in the order for the rails some time ago but evidently they did not arrive until a short time ago. Many and fervent were the expressions of satisfaction heard on the cars this morning.

Mrs. Julia Merrill, who has been taking a vacation in the Adirondacks and northern Vermont for the past two months has returned to her home at 2 Oregon street.

## ALD. HAYES' TRIAL

## Nothing Definite Regarding Its Date

## THOUGH A CONFERENCE WAS HELD

## Court May Assign the Date

James E. Owens, counsel for Alderman William J. Hayes, in the alleged fraud case went to Cambridge yesterday and conferred at length with District Attorney Sanderson in regard to setting a date for the trial of Alderman Hayes and Joseph H. Clark, charged with alleged fraud and conspiracy. After a lengthy conference during which they were unable to agree upon a date they decided to consider the matter further today when Gardner W. Pearson, counsel for Mr. Clark will be present. They went into conference this afternoon and if they fail to agree upon a date this time they will present the matter to the court and Judge Bell will name a date.

## PEWS IN PLACE

## Finishing Touches on St. Patrick's Church.

The work on the altars of St. Patrick's church has been finished and the pews are now being placed in the church and then the work will be complete. Rev. Fr. O'Brien personally supervises the work and it is being pushed along rapidly. If his health permits it is very probable that the venerable Archbishop Williams will be the guest of honor at the dedicatory exercises on Nov. 10th while Archbishop O'Connell will conduct the services. Archbishop Williams always took a deep interest in St. Patrick's and was a close friend of the different pastors. Up to within a few years ago he never missed confirmation at St. Patrick's or graduation at Notre Dame.

## SCHOOL CLOSED

## Because Pupil Died of Diphtheria

The Cornell Street primary school in Middlesex village was closed all day yesterday owing to the fact that one of the pupils of the school died of diphtheria, that a brother of the deceased reported for school and also that there was another case where a pupil was ill with diphtheria. The principal of the school, Miss Wakelield, closed the school, not awaiting to inform the superintendent of schools, and while some people thought she did not do the right thing the majority believes that she did the right thing.

Both sessions yesterday, morning and afternoon, were taught in the open air and the school rooms were fumigated in the afternoon and today the pupils were in their rooms.

William H. Gauthier, aged five years, and living with his parents at 4 Middlesex place, was a pupil at the school and on Friday afternoon he appeared to be in the best of health. Saturday and Sunday at his home he also appeared well, but Sunday night he was taken ill and while a doctor was called the case was not reported to the board of health until Wednesday, after the child had died.

The child was buried that afternoon and the house quarantined, but a brother of the deceased reported at school, and Miss Wakelield, closed the school, not awaiting to inform the superintendent of schools, and while some people thought she did not do the right thing the majority believes that she did the right thing.

The board of health sent men to the school yesterday afternoon and burned the books used by the deceased pupil and fumigated the rooms.

## GEORGE PROPERTY

## Sold to Boston and Maine R. R.

The sale of the beautiful George residence in Thorndike street in the rear of the northern depot to the Boston & Maine railroad was made yesterday, and it is reported that no less than \$40,000 was paid for it.

The general public would like to see a passenger station on its site to replace the present stuffy affair in the hollow, but such is not the present intention of the railroad company for it has been negotiating for the property for about six months for the purpose of consolidating the freight houses there and abolishing the present freight depot in Western avenue. The two freight houses at present are quite a distance apart and their location makes them inconvenient.

The building, one of the largest private residences in northern Massachusetts, was erected for the late William Livingston and is at present occupied by William F. Livingston. There are 20,000 square feet of land in the lot.

Mr. Mulcahy Mooney has returned after spending a week's vacation in New York city.

## Assaults on Reputations

## Eminence and Integrity No Obstacle to Vituperative Charges in This Campaign

From the beginning of the campaign Congressman Ames appears to have assumed that a re-nomination should be his as a matter of property right. At no time has he been willing to admit that any person could possibly prefer any other candidate than himself, save for the most unworthy of motives. No latitude has been left for an honest doubt. On the contrary, it has been deliberately assumed and loudly proclaimed from the stump that who ever was not for Congressman Ames was against him; and that nobody could possibly be against him except for him, or through fear! Those who have had the temerity to say openly that they preferred Mr. Dunbar to Col. Ames as a candidate have been denounced bitterly either as hirelings, or as contemptible cowards. Never has it been dreamed, apparently, that any man could take such an attitude on any score of decency or common sense. Eminence, character, public esteem, honorable record—all these have been utterly impatient to shield those who support Mr. Dunbar from the slings and envenomed arrows of his opponent. The more eminent the more trusted, the more honored Mr. Dunbar's supporters have been personally, the more vehement and virulent the bitter denunciations of them.

Hen. John N. Cole, for example, is one who has suffered the most. Mr. Cole is speaker of the Massachusetts house of representatives—a man known and esteemed throughout the state, a leader of the republican party, a man of honor, intelligence, integrity, deserved success in business, and self-made. He has fought his way up from being a poor boy in the Andover mills to a position of the highest honor and trust, and it is among the entire probability that a few years will make him governor of the state of Massachusetts. Already he has made his mark in the government of his state. His colleagues chose him speaker out of a field of able aspirants. His

record in the chair has justified the choice a hundred times over. But merely because John N. Cole, thus honored by all, has stood up in his boots and said that he preferred Frank E. Dunbar for congressman, Col. Ames, sweeping every other consideration aside, has pointed out upon him a good of denunciation and abuse. Nothing in all Mr. Cole's honorable record is of any avail to shield him from this cruel assault. His sin is the unpardonable baseness of Col. Ames for congress!

It is against this vituperation of upright and prominent men on such trivial personal grounds that it seems an honest protest should be made. Col. Ames himself seems to admit that he never had any claim on Mr. Cole's support. He avers that even in Mr. Cole's newspaper solely by political advertising, for which he, like any other candidate, had to pay—a business arrangement as common as it is proper. But because Mr. Cole now sees fit, gratis, to prefer a rival, on grounds of party interest, he must be cruelly misrepresented as if, in the past mutual business transaction between Ames and Cole, there was an unexplained something that was "dirt" in Cole and virtue in Ames! What had before pleased Col. Ames well enough became odious the minute Mr. Cole espoused Mr. Dunbar's cause. The reason for it was the purely selfish one; whoever would not about perennially for the Ames cause should be hounded and denounced, and no quarter should be shown. No degree of merit, no measure of public confidence, no length of former friendship appears to avail. Those who honestly prefer Mr. Dunbar and have the effrontery innocently to avow the fact are held up to contempt by Mr. Dunbar's adversary as either "bought" body and soul, or subsidized, or compelled by menace or mysterious "influence." Such is the allegation from which no man, whoever he may be, is safe in this campaign.

# HUMAN SKULL

## That of an Indian Found WHILE EXCAVATING IN ANDOVER ST.

### Must Have Been There Great Many Years

The unearthing of a human skull by workmen who are constructing the sewer in Andover street caused some little excitement for a while after the discovery was made. It being intimated that the skull was that of an Indian of the tribe which inhabited that district some years ago and the traces of the crime hidden, but while a murder may have been committed it must have been hundreds of years ago for upon careful examination it was found that the skull was that of an Indian probably of the Passaconaway or Wampanoag tribe who inhabited that district.
